Subject: The most important Kennedy assassination witness since the very early first ones such as Lee Bowers Junior, Jean Hill, Mary Moorman and for the first time now speaking out.

I was not at Dealey Plaza at least as far as I know (then two years and five days old while at McMartin preschool in that timeframe) and would really doubt it if anyone ever indicated that. My story is not about those events that unfolded at Dealey Plaza and elsewhere but rather the series of still little known and poorly understood and poorly reported history that motivated the events the events at Dealey Plaza and motivated those where there to act as they did assassinating JFK. Like others (some of whom hold hold PhD's and are respected historians and academics) I believe the CIA plans for Indonesia, Kenya, Cuba, Iran, Guatemala were at issue as DARPA and the DIA and Missle Command feared communist smaller nation satellites too close to the mainland of the key allies of WWII.

If you are waiting for the declassification process to reveal who killed JFK and why then don't. The file was never there and if it was it in now long gone. What we do know is the the widely available data diverges (quite often) from the dubious work-product of the Warren Commission.

The real motives for and real participants in the assassination are spread across Earth. They are in public and private organizations and or of public and private individuals whose own interests led to the assassination. The most center-most family per the USA element is the Donegan family. James and Glorian the parents, Tom and Ned (Ed) the children.

For many reason often linked through the Kennedy family my family (from both parents Glorian Dean Rusk connections, James Donegan from WWII history connections those WWII roles tied back to Dorchester Massachusetts and the Roman Catholic Irish Immigrant family living there. But this reached to the Windsor family line and Robber barons in CIA actions around the world. This is important because even when the CIA was operation (as OSS or OPC or other) usually they avoided direct government links and hid behind non government front groups. These front groups could deny working for the USA and they had little responsibility other than tax records to give the US Government records. When they did the records disappeared.

> "Robber baron" is a term used frequently in the 19th century during America's Gilded Age to describe successful industrialists whose business practices were often considered ruthless or unethical. Included in the list of so-called robber barons are Andrew Carnegie, Cornelius Vanderbilt, and John D. Rockefeller. - Investopedia.

J.P Morgan, the Hearst family that backed Nixon and the CIA, DuPonts, and other were close to the overall globalism RFK and RFK was hoping to contain and control CIA allegiance with. The use of mafia was organized through J. Egar Hoover and the FBI, himself an elite Mason and as FBI director with global responsibilities. Also these are called the Boston Brahmins or Eastern Elites or WASP power base.

The Kennedy and Donegan families and anti mafia RFK allowing a country to be bled dry and left in poverty (such as during the Great Potato Famine) was unacceptable foreign policy and JFK was going to end it and end the CIA.

This group of Regime Change killed JFK and then began the Watergate Break-ins and other crimes as the old money systems of backing dictators was continued despite JFK and RFK trying to put the criminals to a stop.

There is extensive corroboration for my story from some now deceased but whose recorded statements are online, in presidential libraries, and in gigabytes of data from others that fits around me story as I was a hand in glove, the glove being the extension of my story as it unfolded into the context I live in. Many of the Super-Conspiracy Theories as as bitterly rejected as they were when Garrison tried to prosecute Clay Shaw and was badly mocked in the press.

The 1962 McMartin "Rosetta Child" or day-care child zero

"There had been efforts to read hieroglyphs before Champollion addressed the task, such as those undertaken by the ninth-century Arab alchemist Abu Bakr Ahmad Ibn Wahshiyah, who successfully deciphered several signs. Yet the finding of the Rosetta Stone and the subsequent wide circulation of reproductions of it and its text led to renewed efforts. With three languages in use and all next to each other and possess in full a complete reading was possible."

Why my story in that CIA research center was important will show why other children were researched by the CIA as well and why these are the events that led into the 1963 assassination of JFK.

When I was born in 1961 in Inglewood St. Joseph's Hospital my father was TWA pilot. In my growing up I remember him as 707 captain and later L1011. But his wartime plane was the P-51 by North American Aviation Inglewood and Packard Motors Detroit and Paul Schrade UAW fitting the Detroit engines into it. In 1962 Glorian could not be days alone with two children under 3 years old. I had a rare brain condition make me a behavior problem as well. From 1961 when JFK was in Los Angles with Peter Lawford and Patricia Kennedy when I was born November 18, 1961 then upon turning two years old in November 18, 1963 is tied to JFK decisions on MKULTRA research and the resultant shooting death November 22, 1963 died Parkland Hospital Dallas Texas. Paul Schrade and RFK shootings followed closely after in history and the same untold backstory. My 4 gig press kit telling the story is at https://drive.google.com/file/d/1-F9czBKWkt2G1LMfKgcuKaK7jdRwrYrI

The Richard Nixon and Hearst Family anti-communist J.P Morgan Globalism continues to be the ongoing orbit of war criminals and deep state terror downing commercial airliners, bring civil wars, assassinations, and international lawless terror including against the USA.

Indirect Rule is a Nobility system Aristocracies of Nation-States use to co-rule the world. One Crown perhaps Great Britain may be the superior crown to Australia and demand Australian satellite actions or Crowns (and Sovereigns of Nation States) may work by treaty.

In the years following WWII many key parts of Great Britain were lost to independence. Guatemala and Indonesia the GI of ATSUGI were the Nixon

Hearst Bush family Allen Dulles, James Jesus Angleton, and LBJ families working on the a different program.

Indirect Gruel takes a nation with natural resources like gold and spices in Indonesia and promises the riches to a Banana Republic dictator who will subdue the nation and kill journalists, etc., but under the repressive regime the satellite nation will remain in the column of the world power who covertly installed the repressive dictator.

The proximity of teetering Post WWII Indonesia was as great a concern for Australia is Cuba and Castro were for the USA.

What many do not realize is Peter Lawford led the USAID and Peace Corp effort in the Los Angeles County area out of his mansion. As RFK is shot in that area later the woman in the Polka Dot dress is eager to get to Australia and the police of LAPD are part of the USAID Peace Corp CIA effort and confess to that later.

In WWI the War Industry Board was started to fund business to sell weapons the military. In the Cold War the CIA started businesses like Zapata Oil to be among these cover action companies. Col Prouty when he was providing the CIA assets to attack Cuba with notes Operation Zapata fits Zapata Oil and some of the ships that were requested from Prouty at the Pentagon were to be named the Houston where Zapata Petroleum funded by the CIA was hardhearted and the Barbara the name of George H.W. Bush's wife.

It was of these orbit of people, Nixon, Twombly of Coca Cola Nixon was on the board of, and others that were the CIA presence assassinating JFK with their E. Howard Hunt and Murder Inc., allies from the train-yard.

The Indonesia piece is part of the CIA Obama family story. There are several fake certificates (people flock to the Hawaii one although the USA Document is a fraud) and run from the equally fake Mombasa Kenya one. I assert the real truth is in Los Angeles county and make the case in this book.

Jen Moore Truther and her correct view of the Donegan family hidden history at the center of world history and disputed history.

- The start of the story surrounds WWI, Joseph Kennedy Sr., the Vatican, and others (Admiral Halsey) getting a pregnant Maria Kutchera (the showgirl) into the USA to deliver a prince's (Edward or Albert probably Albert) babies in the USA. Marilyn Monroe was one and hit by the CIA and Glorian Gainey (later Glorian Donegan) was another both born in the USA 1926.

- The CIA had been at that time using Freud and others studying the gene that ran in Albert but not Edward. Mary of Romania may have been the source of the London Forkhead p2 FOXP2 gene.

- James Paul Donegan was born an Irish Catholic in Dorchester the Kennedy family area. The Kennedy's likely got him a key spot flying the p-51. He went on to battle over Europe in WWII and finaly was part of the two atomic bombing wings attacking Japan with strafing to soften the island for the bombing run.

- Following WWII there were reenactments for Duke Edward and others. Joseph Kennedy Sr was part of Lend Lease, using UAW labor to build the Rolls Royce Merlin two stage supercharged engines for the p-51 made in Inglewood Los Angeles County where I Edward Donnean was born.

- I Edward Paul Donegan have the gene as my mother did. I was placed in McMartin Preschool 1962 the CIA was known to secretly research children at. Franklin Nebraska was another CIA testing of children site.

- This was tied to Allen Dulles and the Kennedy Assassination. No one dares utter it but during atomic testing Glorian had given up eggs and they were used in a CIA test child who might be placed in Indonesia. The real parents of Barrack Obama Jr are not as listed, JFK at 1963 was trying to call off that plan but the CIA assassinated JFK to keep the plan underway. The CIA USAID plans for Barrack Obama Jr. were created for Los Angeles County where many of the families lived like Peter Lawford and Patricia Kennedy, the Donegan's, and some friends of the Donegan's (Chafins). Ed Donegan asserts a probable but unused SSN of 022-46-3234 for Obama Jr. but that was hidden because of JFK in the area publicly.

- Donald Barr of the CIA Dirty BCCI crime networks in November 1961 was seen in a Whitehouse photo holding an experimental birth flown from Los Angeles to the Whitehouse. Comically potrayed as a newborn monkey the artwork in the Donald Barr photo showed an Indonesian context for the newborn. At this time a Rockefeller family member exploring Papue New Guinea went missing never to be found.

- Predatory stalking is now being used against me Edward Donegan to stop my story about these CIA plans in orphanages, etc, from coming out.

- In videos like Good Versus Evil we must fight on, Turning the Tables on the Stalkers, and others Jen Moore was getting the views from me being sabotaged in my housing in Capitola and Monetery Stay and Play. She and I knew these were dirty trickster frauds of faked evidence, stolen belongings, identity theft, break-ins, etc., to sabotouge me.

The 20th Century Presidencies myst be seen as orbits of the CIA and its activities

In a step to the left the Rockefeller Republicans with the Eastern Establishment "old money" newly acquired fro colonial natural resources riches created moderate globalist left of center future leaders for the 21st Century who would while in power back the US liberalized democracy movements stepping to the right, towards capitalism and away from socialism, inviting the former colonial powers back into independent nations who has gained freedom following the the near total defeat of Great Britain's colonies in WWII. After the V-2 Rockets and the A Bomb and the H-Bomb and super sonic flight and sea born nuclear missiles very critical of the shore of Australia and the USA.

As the Cold War loomed atomic blasts mushroomed. Like the Guns of August new weapons and thinking were on the horizon.

" The United States tested its first hydrogen bomb, codenamed "Bravo", on March 1, 1954 on Bikini Atoll: Yield The explosion released 15 megatons of energy, which was more than two and a half times what scientists had expected. This made it the largest nuclear weapon ever detonated by the United States at the time. Effects The explosion created a fireball that was almost 4.5 miles across, and a crater that was 6,500 feet in diameter and 250 feet deep. The mushroom cloud reached a height of 130,000 feet and a diameter of 62 miles in less than 10 minutes. - Google AI overview

And in 1954 under Eisenhower and V.P. Nixon the secret agreements were formed with covert allies. A whole new ere began in rockets, supersonic aircraft, Sputnik, and a new class of atomic bombs.

Guam and the Bikini Atoll that figure into the woman in the pink polka dot dress and the assassination of RFK may figure into this. "Oppenheimer".

Briefly: Democrat FDR led into and through most all of WWII. Joseph Kennedy Sr also a Democrat was at his side since the closing of WWI and when FDR was undersecretary of the navy needs ships built in Boston for the Atlantic fleets.

Democrat Truman replaces FDR in the closing days of WWII following the death of FDR and some maneuverings. During this time Richard Nixon is an anti-communist US Representative from Los Angeles. Upon the 1952 election General Eisenhower the Republican with V.P. Nixon take office until in 1960 JFK defeats VP Nixon for the presidency. Nixon in the Congress had created the CIA and CIA plans for the world that were carried out under the National Security Council he had headed as VP that oversaw regime change, assassination, and covert intervention in foreign affairs. In his resignation General (ret) Eisenhower warns the public of the post WWII mil industrial complex. Following the assassination of JFK FDR states he regrets a CIA with cloak and dagger. During the time JFK was president and before under VP Nixon Ed Donegan asserts George H.W. Bush, Prescott Bush, LBJ, and others were in robber Barron corporate and CIA actions around the world oil included. Ed Donegan asserts Barrack Obama Jr was a planned CIA deep state projec and many others were too. Hillary gets blamed for most of this but oil and the Rockefeller's work out of Little ROck and they are GOP.

I am one of those types Ralph Thomas of Austin Texas or Richard Richard Belzer of acting and Skyhorse Publishing and Joan Mellon fame write about though I am not known yet that have information about the Kennedy Assassination but the destruction of my life by sham allegations and investigations and defrauding and harassing me has limited the generation and reach of my speech. I have a story to tell though.

From: Edward Paul Donegan
Subject: Emerging history of the Kennedy assassination and I believe a Donegan family tie to them.

I have experienced stimulus-respose type bullying desgined to lead me into fights and my agressors to claims against me. The covert aggression system is not only common to FBI COINTELPRO practices it also matches the rare form of programming (Complex PTSD by reptitive stimuli) that Sirhan Sirhan was exposed to, the Tsarnev's were, and perhaps Timothy McVieigh had been. Patsies are easily manufactured as they are led into loosing fights. Ted Gunderson, Jen Moore, John DeCamp, and William Colby and I assert these are part of the family jewels program of the CIA, are tied to the Kennedy assassination and much more.

Most of this is detailed in a rhetorical interogative found elsewhere in this presss release itself drawn from my books.

Marshfield is a town in Plymouth County, Massachusetts.

Visit the John F. Kennedy Hyannis Museum to learn about the legacy of President Kennedy and his deep connection to Cape Cod where he enjoyed special days with family and friends. The Cape was the one place he could relax and feel at home, even while bearing the weight of the world. Learn why Hyannis Port was considered the “heart and home” of the Kennedys. The and Nixon Rockefeller ties to the Kennnedy assination and the Donegans. Inglewood, Los Angeles County, home of the P-51 is central and the missing piece to this story. So is the history of Robert F. Kennedy a former DOJ employee then a Counsel to the Senator Committee on Labor Rackets and Organized Crime or said another way which was the usual the Get Hoffa Squad. Republican supported corrupted management backed unions and those same unions used muscle against strike lines and that included Ford Motors employee a relative of Chauncey Marvin Holt and this plan of the Red Scare about labor movements overlapped internationally to as the USA suppressed independence movements and socialists governments at the very time Great Britain had lost its colonies as WWII was being fought.

The "Get Hoffa" squad was a group of investigators and prosecutors led by Attorney General Robert F. Kennedy in the 1960s. The squad was part of Kennedy's efforts to combat organized crime. -Google AI Overview.

The Nixon and big business ties into Organized Crime, Labor Rackets, Drug Dealing, Casinos, and Tiger Team assasinations covert operations is the the larger umbrella story of which that is a part. Prescottt Bush, George H.W. Bush, Richard Nixon, the Rockefeller's, George Hearst and William Randolph Hearst were big business world venture's whose interest in finding oil the Rockefeller's had developed a technique to refine, gold or diamonds that could be dug or transported by industrial means missing in the 2nd and 3rd world, and tourism and world tavel on the Great White Fleet tourist boats leaving form Louisiana into the Banana Republics were the plantation-like super-rich of globalism.

A smaller piece of this story is that Richard Nixon got caught (partially and increasingly after his death) using the Watergate Break-in to conceal a group of CIA mobsters and operatives having killed JFK and the unions and independent-nations backing Kennedy family and the Kennedy family also backed real unions of mobsters in the union business. THe larger piece too big for today's press corps or too true for today's press corps is the Richard

Nixon may have been a middle man at most, towards the top but not at the top. The real power behind the scenes were W. Averell Harriman, the Marshall Plan and the OSS as a post-WWII CIA, and FBI espionage aroun the world. The highest ranking of all may have been George H.W. Bush clearly implicated in the assassination of JFK and later (in my own telling) assassination of RFK because of the union labor that built the Packard Moter Merlin P-51 engine for North America Aviation. Why can not such a story make it into the press? First of all the Donegan family piece of this (and I am the last Donegan) has been missing and second of all is that the Bush plan had according to plan backed a series of highly likable democrat party agents of influence today that along with moderate republicans control elected and appointed offices and would be executed for treason IF the truth came out. Today these officials use ongoing mob violence in illegal racketeering and harrassment operations against a large number of US Citizens and I an one of them. Attempts to stop my story have been obvious to me and numerous but excuse have be fabricated and spread about me making the illegal covert assaults on me seem a public good of getting the bad-guy out of town for the public good. These are called Gang Stalks or smear campaigns of faked public appearances and rumors about a person circulated at times even use in grand juries in faked testimony or the testimony of a dupe.

Journalist John Pilger spoke of Barrack Obama Jr. as the Mancurian Candidate whose role he was groomed for was to be a CIA controlled and back influencer for CIA plans around the world destroying, undermining, or eroding independent nation's attempt to self govern in their own rather than imperialism interests.

The events surrounding Senator Robert F. Kennedy's death I have a missing piece to explain but also an analysis of sufficient applicability even without my part of the story not provided still explains the situation well and perhaps even better since events unfamiliar to the listener are not present. Who is familiar to the listener of this story is Don Nixon who while RFK was staying with John Frankenheimer tried to get RFK to the Palm Springs and Nevada test grounds area. Don Nixon the brother of Richard Nixon knew of the Manchurian Candidate plot line my family is a part of and part of the reason JFK was assassinated in the dispute of Nixon's policies. Ties to Mahue and Hughes and the CIA?

https://www.saturdayeveningpost.com/sep-keyword/sam-houston-johnson/ Numver 5. Donald Nixon, Richard's brother, had dreams of becoming a fast-food king. In 1957, with his hamburger stand in trouble, Donald borrowed $200,000 to shore up his business. ***The lender was Howard Hughes, a major defense contractor***. Richard Nixon had trouble convincing anyone that he, then vice-president, had not traded favors with Hughes for the loan. During the Watergate investigation, investigators learned that Donald had been a conduit for illegal campaign contributions to Richard. Yet Richard didn't trust his brother and ordered the Secret Service to monitor Donald's phone calls. https://www.saturdayeveningpost.com/sep-keyword/sam-houston-johnson/ Donald Anthony Nixon (born December 12, 1945) is an American businessman. He is the nephew of former President Richard Nixon and the son of Richard Nixon's brother Donald Nixon and Clara Jane Lemke. Francis Donald Nixon (November 23, 1914 June 27, 1987) was a younger brother of U.S. President Richard Nixon

Nixon and "philanthropic" robber baron families included experts like Thorkil Kristenseon. Thorkil Kristensen. 1st Secretary-General of the OECD. In office 30 September 1961 30 September 1969. who felt and struggling third world need better leaders and as the labor leaders of these nations were being suppressed Agents of Influence placed by the OSS and CIA into families around the globe were CIA aspirations to have aristocratic or politically based family members who would receive covert aid in the political or military quest for the power in the nations they were placed in, and when in power, ally with Western nations.

It was this battle between Nixonian dirty tricks of illegal actions of subversion and overthrows funded by robber-barons world planning versus more openly democratic and independence from Great Britain Kennedy family that was where the USA fell to Treason. The globalists in the Special Relationship and CIA connections around the world built by James Jesus Angleton and careful grooming of the media supported cover treason against a large number of governments including Cuba, Indonesia, Iran, and in Latin America. This machine overlapping with Nixon's effort in the USA against organized labor is the Great Treason in the USA, one of the many nations that fell to covert warfare.

My family (and I am the last living on and my life at great risk now) was close to Col Fletcher Prouty and that history. Here is a Prouty book. This book includes the battle to control Indonesia and Barrack Obama Sr. and Jr. (and other family) as CIA covert planning and other conspiracy theories too such as this was the Manchurian Candidate story line RFK was discussing with the movie producer in his Los Angeles home at the time of his campaign trail death.

The Secret Team, L. Fletcher Prouty's expose´ of the CIA's brutal methods of maintaining national security during the Cold War, was first published in the 1970s. However, virtually all copies of the book disappeared upon distribution, having been purchased en-mass by shady "private buyers." Prouty's topics include:

- President Kennedy tried to control the CIA.
- The nature of clandestine operations.
- The Dulles-Jackson-Correa Report in action
- Defense, containment, and anti-communism
- Khrushchev's Challenge: the U-2 dilemma
- From the Bay of Pigs to Dallas.
- And much more!

This is the Donegan family story and the continuing cover-up of the JFK assassination. Mailer.html is the start file. The entire version 1 press kit that is 4 gigabytes in size might be available for download at https://drive.google.com/file/d/1-F9czBKWkt2G1LMfKgcuKaK7jdRwrYrI. The download contains two important and full length archived movies. One is the Battle of Britain made in 1969. The air defense of England is represented and in history from their the Royal Air-force with the US Army 8th Air Force continues over Europe to defeat the Nazi war machine. Another movie is Jet Pilot 1957 in which John Wayne plays a Cold War pilot and shows a Russian defector the secrets of Fighter Control Radio and RADAR and how it allowed strategic ground-command of fights changing WWII.

This all ties to Paul Schrade and JFK and RFK and Joseph Kennedy Sr. Kennedy Sr upon return to the USA enlisted Packard Motors to build the Rolls Royce Merlin engine used in the Spitfire and other planes turning the history of WWII with that mass production capability.

The 1950's (even 1949) as Micheal Swanson of The War State notes was Vice President Nixon of the World Wide Meddling Program (WWMP) and the 1960's resistance to it inside the USA, and the 1970's was the cover-ups including Watergate, the downing of UAL 553, and TWA 800. You might note that TWA 800 went down in 1996 but it was carrying Jed Johnson. With Patty Hears and Brigid Berlin at Interviews Magazine the truth of MK-UTTRA was being revealed by those from the family members tied to it. Flight UAL 553 was likely destroyed as an act of treason as well. Doroth Hunt and others were killed on that flight.

Much of this history I and Jen Moore and others write about goes back to the Kings Speech in 1925 and FDR and others in the time of the events surrounding WWI. During that time and leading into WWII a favor was done for Edward and Albert. Bastard children were moved into the USA. Later these bastard children wanted to study a quirk gene would have offspring born under real names or under covert hidden identity names. Some of those latter births have grown into positions of power around the world, covertly as planned and now this is covered up successfully after JFK was stopped from revealing key parts of the plan. Hearst, the Windsors, Nixon, and many others did know. Others who knew were Robert Mahue and Howard Hughes and the activities surround the Desert Inn near where surplus planes were modified for covert roles around the world by the CIA and US DDO.

We are the Right Hand of the history of the United States of America and global operations with Great Britain or Children of the Right Hand. St John Hunt the child of E. Howard Hunt. Dorothy Kilgallen. Dorothy Mae Kilgallen (July 3, 1913 - November 8, 1965) was an American columnist, journalist, and television game show panelist. After spending two semesters at the College of New Rochelle, she started her career shortly before her 18th birthday as a reporter for the Hearst Corporation's New York Evening Journal. In 1938, she began her newspaper column "The Voice of Broadway", which was eventually syndicated to more than 140 papers. In 1950, she became a regular panelist on the television game show What's My Line?, continuing in the role until her death.

Kilgallen's columns featured mostly show-business news and gossip, but also ventured into other topics, such as politics and organized crime. She wrote front-page articles for multiple newspapers on the Sam Sheppard trial and, years later, events related to the John F. Kennedy assassination, such as testimony by Jack Ruby.

James L. Kilgallen, one of the nation's best-known newspaper reporters in a career that spanned three-quarters of a century, died Tuesday night at the Mary Manning Walsh Home in Manhattan, which he had entered earlier this month. He was 94 years old. Mr. Kilgallen, who was at International News Service for 38 years, was once described by Damon Runyon as "an editor's dream of a reporter." Mr. Kilgallen joined International News Service in 1920, and went on to cover major stories of the period, including the Lindbergh baby kidnapping case and the German surrender at Rheims, France, in World War II. - New York Times

US Senator George Hearst is important and mabye central to this entire story. He moved to California to confirm the existance of gold in California mountians and in the 1860's and 1870's era was part of J.P Morgan's conquest of the world by hegemonic business frequently under control of or similar to the law firms Allen Dulles would serve on also a CIA Director.

Bridid Berlin daughter of Heart CEO and manager Richard Berlin and Patty Hearst daughter of Wiliam Randolph Hearst Jr. are part of the story as is Richard Nixon who as a Congressmen in California close to the William Randolph Hearst San Simeon Castle and post WWII 1949 Marshall plan to regain control of nation-states who gained independence following the withdrawal of Japanese or German forces are part of the story and Hearst may have been the rich friend who gave no money to Nixon (the Checkers the dog speech) but gave influential help to Congressman Nixon aspirations to the Vice Presidency and if Hearst Communications had its way President Richard Nixonn up the defeat or John F. Kennedy (much less Great Britain minded than Hearst or JP Morgan or Dulles) would have come to power.

The programs Nixon as US Congressman and post WWII planning and creation of the CIA out of the OSS and Marshal Plan and passage of the Mutual Defense act recommitting the allies of WWII to a common defense turned into Vice President Nixon as the head of the National Security Council planning out CIA activities around the world that come under scrutiny in the 1970's as the New York Times and Congress revisit CIA activities and attempt political oversight.

I Ed Donegan come from a family tied to these events and though not a child of Col Fletcher Prouty or families (the Donegan's and Prouty's) ere very close even though I was a small child.

Both TWA flight 800 with Jed Johnson and UAL flight 553 appear to be sabotaged flights as the CIA history under Nixon and MK-ULTRA backed by industrialists like Hearst began to come out.

One thing to know about Edward VIII who will figure into this story is the world is easily deceived. Portrayed officially as a hasbeen with no loyalty to or from the Windsor family he was in fact what the US has used in creating Flag Officers. Nobles may serve as King, as Lord Governors of parts of Great Britain or its holdings like India, or in battle may carry their coats of arms as military commanders as US Flag Officers do for instance and Admiral and his or her flag displayed on the carrier of the carrier strike group the carrier is heading.

Duke Edward led the Battle of France for Great Britain until France fell. After the war he was reassigned to Bermuda seeming isolated and holding golf matches for the rich and famous but secretly working with the CIA, Bermuda Dunes airport, and efforts in the Caribbean with Nixon and Chauncey Marvin Holt, Col Prouty, and others.

Dorothy Kilgallen will have key pieces of this story that tie into he Donegan family and bastard Windsor children used in colonies under faked names, and that too is part of the story.

If you know who Col Fletcher Prouty was the USAAF liaison between the Joint Chiefs an the CIA assassinations team (and I knew him as a fried of our Donegan family as a child) you might have read *JFK: The CIA, Vietnam, and the Plot to Assassinate John F. Kennedy*. Colonel L. Fletcher Prouty,

the former CIA operative known as “X,” offers a history-shaking perspective on the assassination of president John F. Kennedy. His theories were the basis for Oliver Stone’s controversial movie JFK.

In 1949 China fell to Mao. The USSR was according to The Long Telegram not God fearing nor did the believe in free markets. The Iron Curtain in Europe and the Americas was a foot as was the Bamboo Curtain in the Indochina area. Australia and the USA were a threat from the V2 and even worse.

Dorthy Wetzle was wokring in China for the Treasury Department and barely made it out by train with a last hope of a small gun she had with her just in case but was not stopped by anyone. After that she met E. Howard Hunt who was working for the CIA as sh was reassigned to work under E. Averall Harriman on post WWII Office of Policy Coordination OSS CIA operations as the agency names and progression went Dorothy Wetzel was born in Ohio on 1st April, 1920. She became an employee for the Central Intelligence Agency (CIA) after the Second World War and was stationed in Shanghai, China, where she met her future husband, E. Howard Hunt. - Spartacus Educational.

In 1949 Col. Prouty will arrive in Japan and James Paul Donegan who was part of the P-51 detail for the first and second bomb drops also flew from Japan during the Korean War and against the Soviets airspace as an interceptor jet pilot later.

As Jen Moore will explain this is not a Cold War or WWII story. WWII and the Cold War are part of the James and Glorian Donegan story concealed until now. The British Empire wanted the Pacific and Americas back though they had lost most all of the globe during WWWII. Rising labor unions and workers parties were threat to getting the Pacific Islands or other nations back. Nixon and the Republicans planned dirty tricks. JFK planned economic aid packages and peacekeeping. Those all met together in USAID, the Peace Corp, and other programs but the balance between an open had helping feed and a knife in the back of WETDIVISION into an independence leaning president or press corp member would tilt the tide. The Boston Elite chose the British way, not the Kennedy and Constitutional way. That is where the treason against the USA emerges as we in what turned out be a Eugenics scheme backed secretive out of wedlock bastard children of the Windsors around the world to lead CIA backed governments around the world.

Below is a large map picture of China and Russia (formerly USSR. E. Howard Hunt was quick into post WWII anti-communism of the USSR. At the same time his new wife who was a US Treasury Agent in China was fleeing the 1949 Chairman Mao takover of China. They would meet through Averell Harriman and the CIA.

China and Russia are both located in Asia, but Russia spans two continents:. China is entirely located in Asia. Lower Eastern Russia is a transcontinental country, with the majority of its landmass in Asia and a smaller portion in Eastern Europe. The Ural Mountains generally mark the division between the European and Asian parts of Russia.

Visually it is one continent with the former USSR stacked on top China under it. To the West of the USSR was Western Europe and to the East and South of China was Indochina with the peninsula like reach of India under China. These were to the CIA according to Prouty the Iron Curtain of Europe an the Bamboo Curtain of Asia to contain China especially via India the Crown resource in the area and Australia,

Pacific War retrieved from Wikipedia and copied or modified to here

The **Pacific War**, sometimes called the **Asia-Pacific War** or the **Pacific Theater**, was the theater of World War II that was fought in eastern Asia, the Pacific Ocean, the Indian Ocean, and Oceania. It was geographically the largest theater of the war, including the Pacific Ocean theater, the South West Pacific theater, the Second Sino-Japanese War, and the Soviet-Japanese War in the last few months of the war.

The Second Sino-Japanese War between the Empire of Japan and the Republic of China had been in progress since 7 July 1937, with hostilities dating back to 1931 with the Japanese invasion of Manchuria. However, it is more widely accepted that the Pacific War itself began on 7 December (8 December Japanese time) 1941, when the Japanese simultaneously attacked American military bases in Hawaii, Wake Island, Guam, and the Philippines, the British colonies of Malaya, Singapore, and Hong Kong, and invaded Thailand.

The Pacific War saw the Allies pitted against Japan, the latter aided by Thailand and to a lesser extent by the Axis powers, Germany and Italy. The Japanese achieved great success in the initial phase of the campaign, but were gradually driven back using an island hopping strategy. The Allies adopted a Europe first stance, giving first priority to defeating Nazi Germany. The Japanese had great difficulty replacing their losses in ships and aircraft, while American factories and shipyards produced ever increasing numbers of both. Fighting included some of the largest naval battles in history and massive Allied air raids over Japan, as well as the atomic bombings of Hiroshima and Nagasaki.

Japan surrendered unconditionally on 15 August 1945 and was occupied by the Allies. Japan lost its former possessions in Asia and the Pacific and had its sovereignty limited to the four main home islands and other minor islands as determined by the Allies.

THE OSS AND CIA

Post WWII the CIA was created under the National Security Council and the National Security Council was created to be under the Vice President. US Representative and anti-Communist Richard Nixon in 1949 in international planning created the CIA architecture and inherited it in 1953 when Eisenhower- Nixon were inaugrauted folling the Truman as President.

THE MAFIA AND FRONT GROUPS

The National Security Council legislation and oversight was very wide open and unlimited "*Cloak and Dagger*" were created. Companies like Zapata were fundedd by the CIA and operated by CIA connected people like George H.W. Bush. Executives like Phillip Twombly of Cocoa-Cola consulted ans supported CIA operation in the Carribeean. Murder Inc, the Segal Lanksy Mob provided hit men and smuggling and cover piloting of CIA aircraft. Much was interconnected with gambling, drugs, Cuba, and the Mafia. The US DOD Black Opps places like Pentagon Office of Special Operations later the Defense Intelligence Agency supported these CIA actions.

The National Security Act of 1947 established the Department of Defense (DoD) and the Central Intelligence Agency (CIA):

The DoD

Combined the Department of War and the Navy Department into the DoD, which also included the Departments of the Army and Air Force. The act also created the office of Secretary of Defense to oversee the military.

The CIA

The CIA was the primary civilian intelligence-gathering organization in the government. The act also established the National Security Council (NSC) to coordinate national security matters.

The National Security Act was signed into law by President Harry S. Truman in July 1947. The act's goal was to provide a comprehensive program for the future security of the United States. The act has been amended and added to over the past 60 years. - Google AI

US Representative from Southern California Richard Nixon was working on the Herter Committee to carry out overt and covert post WWII global influence policies and the National Security Act and other treaties among the allies were designed to help carry out the Marshall Plan. Use of Mafia and other non-criminal NGO's were the "policy coordinated" closing of ranks of multiple groups against a common enemy to those groups. Just as the Italian immigrants brought La Cosa Nostra crime boss families to the USA Italian communities Jewish refugees from Nazi Europe brought influential publishing (Maxwell) and crime groups (Yiddish Mafia as La Kosher Nostra) of which Jack Rubestein was one.

The **Bugs (Bugsy) and Meyer Mob** was a Jewish-American street gang in Manhattan, New York City's Lower East Side. It was formed and headed by mobsters Bugsy Siegel and Meyer Lansky during their teenage years shortly after the start of Prohibition. The Bugs and Meyer mob acted as a predecessor to Murder, Inc.

Chauncey Marvin Holt (October 23, 1921 – June 28, 1997) was an American known for claiming to be one of the "three tramps" photographed in Dealey Plaza shortly after the assassination of President John F. Kennedy.

In a 1991 *Newsweek* article about Oliver Stone's *JFK*, Holt received national attention for various claims he made regarding the assassination of President Kennedy. According to Holt, he was a CIA operative sent to Dallas to deliver phony Secret Service credentials. He also claimed to have worked as an accountant for Meyer Lansky. His account is further explored in his autobiography *Self-Portrait of a Scoundrel*, which was posthumously released by TrineDay Publishing in August 2013.[1][*self-published source?*]

Charles Voyde Harrelson like Chauncey Holt were contract CIA foreign intelligence officers. Like Holt, Harrelson came from Murder Inc., Holt was a pilot and picked out, modified, repainted and flew CIA aircraft from Ray Ryan's Grace Ranch after the horses were disperesed and the gambling business closed. Charles Harrelson was a contract killer. Because Holt did the plane buying through front companies and he had good artistic skills he was trained and used as the accountant for Meyers Lansky and provides all the documents he retained for the CIA including those from Wililam King Harvey and others tied to Sam Gold, etc.,

The **First American Volunteer Group** (AVG) of the Republic of China Air Force, nicknamed the **Flying Tigers**, was formed to help oppose the Japanese invasion of China. Operating in 1941–1942, it was composed of pilots from the United States Army Air Corps (USAAC), Navy (USN), and Marine Corps (USMC), and was commanded by Claire Lee Chennault. Their Curtiss P-40B Warhawk aircraft, marked with Chinese colors, flew under American control. Recruited under President Franklin Roosevelt's authority before Pearl Harbor, their mission was to bomb Japan and defend the Republic of China, but many delays meant the AVG first flew in combat after the US and Japan declared war.

Chauncey Holt flew in a group much like the Flying Tigers while working to overthrow Guatemala. The US Military used similar pilots and groups to invade Cuba as a covert operation while disguised as local Cuban groups.

THE KENNEDY ADMINISTRATION

JFK and RFK did not like what they inherited from Eisenhower-Nixon. JM/WAVE Augmented in Florida was placed Attorney General Robert F. Kennedy as Oversight Augmented from the previous lack of control of what the Military Industrial Complex CIA companies were

really doing in the dark.

The JFK and RFK assault on the CIA that led to the death of these Dorchester Roman Catholic Irish immigrants families was inevitable and a just fight against the CIA who came at them (and the USA) from below, above, and in a two party system from the side.

In Chicago the Irish immigrants were a political power base and often became police officers or priests. But following that the Italians imigrated in large numbers bring Black Hand Italian mafia organized crime. Sam Giacana and the 42 Gang were just that, derived from black Hand. These criminals fought and exploited many especially the poor who often were the Irish.

Those who used Sam Giacana and other mafia were the Eastern Establishment in Boston who in turn were tied to British Secret Service and illegal techniques Great Britain used against nations they wish to force into being colonies. A long term enemy of the Kennedy family (and the USA) in Plymouth area and the Boston Tea Party Massachusetes led rebellion for indepence from England and its oppression.

From the side it was the Nixon CIA a CIA created by Congressman Nixon and run by Vice President Nixon under Eisenhower. The illegal CIA actions were what JFK and RFK were fighting.

Early life

Patrick Joseph Kennedy was born on January 14, 1858, in Boston, Massachusetts. He was the youngest of five children born to Patrick Kennedy (1823-1858) and Bridget Kennedy (née Murphy) (1824-1888). His parents were Irish Catholic immigrants who were both from New Ross, County Wexford and emigrated together to America to flee the Great Famine in Ireland. The couple's elder son John had died of cholera in infancy two years before Kennedy was born. Ten months after P.J. Kennedy's birth, his father Patrick also succumbed to the infectious epidemic that infested the family's East Boston neighborhood. As the only surviving male, Kennedy was the first family member to receive a formal education, attending Sacred Heart, a private Catholic school in Boston. His mother Bridget had purchased an East Boston stationery and notions store where she had worked. The business took off and expanded into a grocery and liquor store.

> **stevedore**
>
> A dockworker (also called a longshoreman, stevedore, docker, wharfman, lumper or wharfie) is a waterfront manual laborer who loads and unloads ships.
>
> The word stevedore (/ˈstiːvɪˌdɔːr/) originated in Portugal or Spain, and entered the English language through its use by sailors.[3] It started as a phonetic spelling of estivador (Portuguese) or estibador (Spanish), meaning a man who loads ships and stows cargo, which was the original meaning of stevedore (though there is a secondary meaning of "a man who stuffs" in Spanish); compare Latin stīpāre meaning to stuff, as in to fill with stuffing. In Ancient and Modern Greek, the verb στοιβάζω (stivazo) means pile up.

At the age of fourteen, young Kennedy left school to help support his mother and three older sisters, Mary, Joanna, and Margaret, as a stevedore on the Boston docks. In the 1880s, with money he had saved from his modest earnings and help from his mother Bridget, he launched a business career by buying a saloon in the Haymarket Square neighborhood near downtown Boston. In time, he bought a second establishment by the East Boston docks. Next, to capitalize on the social drinking of upper-class Bostonians, Kennedy purchased a third bar in an upscale East Boston hotel, the Maverick House. Before he was 30, his growing prosperity allowed him to buy a whiskey-importing business.

Marriage and children

On November 23, 1887, Kennedy married Mary Augusta Hickey. The couple had four children and remained married until Hickey's death on May 6, 1923. His wealth afforded them a home on Jeffries Point in East Boston.

Political career

Kennedy was "always ready to help less fortunate fellow Irishmen with a little cash and some sensible advice." A sociable man able to mix comfortably with both the Roman Catholic and the Protestant elite, Kennedy moved successfully into politics. Beginning in 1884, he converted his popularity into service as a Democrat, a minority in the then Republican dominant power in the Massachusetts General Court. He served five consecutive one-year terms in the Massachusetts House of Representatives, followed by three two-year terms in the upper chamber in the Massachusetts Senate. Establishing himself as one of Boston's principal Democratic leaders, he gave

one of the seconding speeches for incumbent President Grover Cleveland at the party's 1888 national convention of the party in St. Louis. However, he found campaigning, speech making, and legislative maneuvering, to be less appealing than the behind-the-scenes machinations that characterized so much of Boston politics in the late-nineteenth and early-twentieth centuries. After leaving the Senate and the General Court after many terms in 1895, Kennedy spent the rest of his political career as an appointed elections commissioner, an appointed city fire commissioner, as the backroom boss of Boston's Ward Two, and as a member of his party's unofficial Board of Strategy.

Death

By the time of his death in 1929, Kennedy held an interest in a coal company and a substantial amount of stock in a bank, the Columbia Trust Company.

In 1903, officials of U.S. Steel and the American Bridge founded the National Erectors' Association (NEA), a coalition of steel and iron industry ***employers***. The primary goal of the NEA was to promote the open shop and ***assist employers in busting the unions in their industries***. Employers used *labor spies, agents provocateur, private detective agencies, and strike breakers*to engage in a campaign against the unions. Local, state, and federal law enforcement agencies generally cooperated in this campaign, ***which often used violence against union members***. - Wikipedia

When they were subjected to attack some Irish union officials became self-styled Freedom Fighters in a dynamite campaign against those law enforcement and coporated entities subverting union efforts. The dynamite campaign included bombing the Los Angeles Times.

Chauncey Marvin Holt had family already in union-busting and strik line breaking muscle Ford Motors used (compare contrast Paul Schrade UAW) and had forgery, high-wire, and gambling and smuggling and pilot skills as an obvious CIA recruit working under Myers Lansky in Florida tied to Sam Giancana of The Outfit and Robert Mahue.

Chauncey Marvin Holt's family or origin was a broken home marked by criminal convictions and murders as well as circus performances and skills. He and his relatives were tied to smugling and other activities. During his youth Holt broke away from his family and lived as a Hobo. He easily created the Hobo cover-identities when he and other Kennedy assasination team members met at the Trainyard. He recognized Lansdale (photographed with him being led from the train Lee Bowers Jr. asked to be stopped) by description and giving the orders but did not know Lansdale's name. Holt had driven the souped up green station wagon with Arizona plates Lee Bowers Jr. spotted to the trainyard from Arizona Grace Ranch of Peter Licaoli the CIA was working out of.

Iran in 1953. The Shah himself initially opposed the coup plans and supported the oil nationalization, but he joined in after being informed by the CIA that he too would be "deposed" if he didn't play along. The experience left him with a lifelong awe of American power and would contribute to his pro-US policies while generating a hatred of the British. Mosaddegh's decision to dissolve Parliament also contributed to his decision. After the Bay of Pigs Allen Dulles on US national tv complained it was so easy to overthrow Iran why not do it in all the other nations such as Castro's Cuba too? Was this studied by students at Tehran University while the Shah was still in power?

Execution of Operation Ajax. The official pretext for the start of the coup was Mosaddegh's decree to dissolve Parliament, giving himself and his cabinet complete power to rule, while effectively stripping the Shah of his powers. It resulted in him being accused of giving himself "total and dictatorial powers." The Shah, who had been resisting the CIA's demands for the coup, finally agreed to support it. Having obtained the Shah's concurrence, the CIA executed the coup.

Cuba. At the time ATSUGI was setup as a list of nations Batista still controlled Cuba. When he fell to the Castro governmenet the CIA operation at Japan was moved to DC and the Defense Intelligence Agency for the longer and more global list of nations of interest to the CIA and Great Britain.

Indonesia. *Indonesia 1958: Nixon, the CIA, and the Secret War* By L. Fletcher Prouty.

It is not well known in the United States that the 1958 rebellion led to a major Indonesian civil war. The CIA-inspired uprising in Indonesia, unlike the Bay of Pigs invasion of Cuba, was a full-scale military operation. The Bay of Pigs invasion in 1961 was made by a thin brigade of about 1,500 Cuban exiles trained by the CIA in Guatemala. But the 1958 Indonesian action involved no less than 42,000 CIA-armed rebels supported by a fleet of bombers and vast numbers of four-engine transport aircraft as well as submarine assistance from the U.S. Navy. It also involved a major training and logistical supporting effort on the part of the Philippines, Okinawa, Taiwan, and Singapore. But despite this massive armed force, the 1958 rebellion, like the Bay of Pigs invasion, was a total failure. Sukarno's army drove the rebels on Sumatra and Celebes into the sea.

Jen Moore and I Edward Paul Donegan fit the Wayne Madsen Obama CIA conspiracy into this plan under Nixon and the CIA that would groom Obama Jr. as a player in Indonesia. This is connected to the hidden identity of the Donegan family and USAID plans laid in Los Angeles County that JFK was assassinated over.

Ukraine. Both Wayne Madsen and Jen Moore alleging CIA documents in their hands show the CIA intended from the 1950's to overthrow the Ukraine and Indonesia.

CIA: Undermining and Nazifying Ukraine Since 1953 by Wayne Madsen. The recent declassification of over 3800 documents by the Central Intelligence Agency provides detailed proof that since 1953 the CIA operated two major programs intent on not only destabilizing Ukraine but Nazifying it with followers of the World War II Ukrainian Nazi leader Stepan Bandera.

The CIA programs spanned some four decades. Starting as a paramilitary operation that provided funding and equipment for such anti-Soviet Ukrainian resistance groups as the Ukrainian Supreme Liberation Council (UHVR); its affiliates, the Organization of Ukrainian Nationalists (OUN) and Ukrainian Insurgent Army (UPA), all Nazi Banderists. The CIA also provided support to a relatively anti-Bandera faction of the UHVR, the ZP-UHVR, a foreign-based virtual branch of the CIA and British MI-6 intelligence services. The early CIA operation to destabilize Ukraine, using exile Ukrainian agents in the West who were infiltrated into Soviet Ukraine, was codenamed Project AERODYNAMIC.

Jen Moore asserted before her death commercial racketeering transactions of baby factories and third party parenting genome frauds were present by the CIA in modern day Ukraine. She asserted something to do with stem cells as well and I do not understand what she was referring to.

Other Countries including *Taiwan* where the US backed strongman Nationalist Kuomintang (KMT) party and commander-in-chief and Generalissimo of the National Revolutionary Army (NRA) from 1926, and leader of the Republic of China (ROC) in mainland China from 1928. After Chiang was defeated in the Chinese Civil War by the Chinese Communist Party (CCP) in 1949, he continued to lead the Republic of China on the island of Taiwan until his death in 1975. **Cambodia, Laos, North and South Korea, Vietnam**.

L. Fletcher Prouty as Mr X talking to Jim Garrison during Clay Shaw prosecution

I did not have a cell phone in Marshfield Massachusetts but when these marshy bogs were flooded and frozen over the Donegan family and Prouty's skated together

If you replace the adult with James Donegan my father or Col. Prouty and me as the child you see the Donegan's and Prouty's skating together.

I have suspected the Donegan and Kennedy family AND others were connected in history that led from MK-Ultra the overthrow of JFK and the USA functioning as a Republic of republican elected control of office.

Jen Moore in this table row like Col Prouty in the above table row explain the CIA assassination of JFK to protect plans by Allen Dulles. The elites wanted to place themselves around the world in hidden identities. Ed Donegan was neither elite nor had any hidden identities in McMartin preschool. The Secret Identity is the Donegan family AND research into a gene carried in this bastard children line of WWI era families.

Jen Moore tells the same tale as Col Prouty about the CIA, the assassination of JFK, and how this tied into MK-Ultra, the Vatican, and more, and that the CIA was still in illegal operations to cover this up.

Jen Moore with the CIA files I Edward Donegan can confirm tell the Donegan story looking at the 2011 home of Glorian and Ed Donegan long after the cranberry fields. Still tied to this (my) family The secret (black operations including money laundering and fraud) is part of the Kennedy assassination and continuing illegally.

At the time of her death she was going to fully reveal the identity of the Donegan family and the District of Colombia (D.C.) court papers she had only partially revealed so far on my family in legal and oral history from inside our family line research.

It is among the most basic Espionage Treason story-lines. To continue a Treason against the USA the treasonous faction is using a smear campaign based in honeypots that lure a dopple of Ed Donegan into the web. Rather than preempting the real Ed Donegan by blackmailing a dopple of him the continuation of Treason is resultant in the blacklist ing of Ed Donegan ad his works and reach of his voice. Whether the honey pots recruited security services or vice versa the combination of the two work together in covert ongoing treason related mafia activity.

This story is more than just a few people and a few rifles. It is about covert military activities often with desguised personell and disguised "flags" that is to say aircraft or other military equipment covertly supplied or operated for CIA needs or the needs of other civil war factions around the world. Both Prouty and Chauncey Holt tell that story well.

Prouty believed that Kennedy's death was a coup d'état, and he backs this belief up with his knowledge of the security arrangements at Dallas and other tidbits that only a CIA insider would know (for example, that every member of Kennedy's cabinet was abroad at the time of Kennedy's assassination). His discussion of the elite power base he believes controlled the U.S. government will scare and enlighten anyone who wants to know who was really behind the assassination of John F. Kennedy. -source: publisher

The history of world changing covert opps remain few places and not usually in the family members except for these extraordinary events that are too important to be lost to history

I am one of those family members of a world history connected family (in fact both my mothers side and my fathers side and the last living member of that family. I join Katherin Holt (now married and) the daughter of Chauncey Marvin Holt in telling the story of Dealy Plaza. Chauncey Holt was an operations person in both field work and office accounting and documents forgeries. I join St. John Hunt son of E. Howard Hunt a more well placed political operative of the CIA whose also confessed to his descended on tape on now (also) on YouTube in his confession Cord Myer, LBJ, and others conspired to kill JKF and the conspiracy was among the Eastern elites establishment, the Brahim closely connected to old English wealth and banking.

Others like Roger Stone (The Case Against LBJ) and Col Prouty were directly involved in the events that inter-relate including Watergate and in total we are Truthers who know have the facts on our side in our refutation of the official version of events.

We are not only ignored in some cases our lives are in danger as we name and blame famous CIA connected families and figures in the deaths of JFK, RFK, news-reporters and authors, actors and agents, law enforcement and forensic experts, all of whom had known too much.

The difficulty with cold cases is interest has often time been lost. When RFK was assassinate the attempts to control politically operated organized crime like BCCI Bank also ended. The current quest for justice is not only the past but the ongoing threats to the safety of those like myself trying to exposit the tainted history of the Donald Barr, Robert Mueller, Mike Pence, Bush family, Burns family, and many others forever linked to treason by the assassination of America's most beloved.

The term curriculum vitae and its abbreviation, CV, are also used especially in academia to refer to extensive or even complete summaries of a person's career, qualifications, and education, including publications and other information. - Wikipedia

I will dedicate explicit content areas of how qualified these Truthers are to tell their inter-related and corroborating stories and when space permints include their on-camera discussions of history.

Knowledge in the mind of a reasonable person will lead to insights. Moving from Socrates and the rulers cave or Descartes for a moment, in the light find your insights and thrive. But the path is not simple. Some information leads to mistakes. More information especially after mistakes has more probability of being a path to success. The island of knowledge is compose of both paths, the mistaken and the true. Each need to be explored as the mistaken belief Oswald was a Russian (not US) connected gunman and the new belief a George H.W. Bush and Nixon and LBJ based CIA did lead the assassination as the new path to follow.

Even if you read his books you would not know what he and my family concealed. That Indonesia was important to the CIA too, and the Donegan family connection to that was most likely the central factor in the plot to assassinate JFK.

Since the wars in Vietnam and Indonesia are long gone from nightly headlines and daily protests some geography. Of Indochina India and China reach down into land masses that extend into what is called the Indian Ocean. Asia including Vietnam is the land mass area. the -esia suffix of archipelagos Malaysia Polynesia and Indonesia were in the Indian Ocean Indonesia the close to the coast of Australia and partly in the Pacific Ocean.

Col Prouty is correct in this area was the Bamboo Curtain and the real plot to assassinate JFK, not what had already transpired in Cuba. Much of the details he leaves out (even going to great lengths to do so) but the CIA plans for this region were not negotiable, and for reasons personal to JFK and his life and his origins as an anti-colonialist he would support Indonesian independence.

Genetic testing and advances in DNA especially in 1983 have made possible a series of hidden identities and CIA plots regarding public figures that now can and will be exposed of the phony paperwork is thrown out and reliable DNA trails show the history of secret sleeper agents and CIA activities of forged backgrounds.

Jen Moore was told she would be assassinated herself if she (who did have the CIA files) released and and named names, the names of the family she pointed her camera at (the video is still on line and available here) the home of Glorian Donegan (my mother) and myself Ed Donegan to tell the OSS CIA Vatican story of our family, the connection to Allen Dulles, and the assassinations the CIA has conducted before and since of politicians, journalists, witnesses, and many more. There have been attempts on my life as well and sabotage, robber, and frauds against me by illegal acts the have left me homeless often covered in blood or otherwise injured as I sleep on sidewalks trying to keep my PC notebook safe so I can keep writing.

She asserted money-laundering and criminal mafia activities tied to a US DOD program that was shocking many who were aware of its details. I can tell you some of that. An impostor of mine who calls himself Mr. Rumph or names like that as a supposed nickname of me will create a Tree House in an apartment unit near mine. He hopes a hot adult entertainer might visit him in Corpus Christi Texas but she that entertainer is too smart for that. Working with the former District Attorney Mark Gonzalzes and skid row homeless shelters have laid a trap for him. Mr Rumph will be caught as a pedophile and have to pay into a protection racket who will keep watch on that person though in public I am treated as that person. The program does operate with high level support but it is an illegal program that links me to activities that keep my black-listed from housing and isolated. People will make-up any excuse to keep me from future apartments.

Most of the facts are not understood, wrong, or missing, but the story is becoming clearer as the nebula of facts and theory of events from into ever more solid a common denominators base. Those in power today are aware of the truth, are hiding it.

Incomplete and obfuscated truths are difficult to believe and because the CIA has hidden so much information and hidden in so many unlikely cover-identity groups the truths underlying the Kennedy assassination and even wider swath of history the assassination occurred in has met with rejection and even contempt. I hope be completing the story with my two family's history (my mother;s and my father's side) U hope to complete the story and strip away the often unlikely front groups that masked CIA activities.

E. Howard Hunt of the CIA on his death bed said Cord Meyer of the CIA and LBJ were in a plot to assassinate jFK. St. John Hunt his son has written of that and the death of his mother. My father in 1952 likely served with the Hunts at ATSUGI airbase Japan both then with Col Fletcher Prouty and earlier as well in WII. The Donegan family on my father’s side comes from the Roman Catholic church in Boston the Kennedy family is from.

The fight to control Indonesia is what my book series is about. If we take (and we should) Mr. George H.W. Bush of the CIA part of the JFK assassination as tied to Cuba that was near the USA then we should also take LBJ his ally in the fight for Indonesia that was very close to Australia. This later case I think is more a factor in the assassination than the remnants of the Cuba operation.

You will see that the war time alliances with Joseph Kennedy Sr starting in the WWI era lasted into WWI. While the ties were strong they were strained. The Donegan's and Kennedy's as ***BOSTON (and I emphasis Boston***) Roman Catholics did not like the ways of Great Britain and colonialism. This is the strain the led to the Kennedy assassinations by a J. Edgar Hoover led effort that included partially informed puppets like Richard Nixon and fully informed operatives like *Prescott Bush, LBJ, George H.W. Bush, Allen Dulles, General Edward Lansdale, Charles and Earl Cabell, William King Harvey, Murder Inc., and others*.

The Mutual Defense Assistance Act was a United States Act of Congress signed by President Harry S. Truman on 6 October 1949. For U.S. foreign policy, it was the first U.S. military foreign aid legislation of the Cold War era, and initially to Europe.

Utilizing Japan as a base against China and the Soviet Union and Indochina Col Prouty had remained since arriving following the atomic bombing of Japan and its unconditional surrender before China who forced that surrender through the Manchurian push towards Japan fell to Communism and Dorothy Hunt escaped to meet her future husband E. Howard Hunt during CIA planning held in 1949. By 1951 as Queen Elizabeth II was coming to power upon the predictable death of her father the CIA began covert work and included a secret CIA airbase in Peter Licavoli's former horse ranch. Teaming with Murder Inc., Sam Giancana, and Myers Lansky and others this secret facility was used for covert wars and was were the green souped up station wagon was drive from by Chauncey Marvin Holts' William King Harvey team to assassinate JFK. My father was part of this history and what is not in question is the public history of Maria Kutschera step children when she married Barron Von Trapp in 1926 but her biological children give hidden identities when she left the convent in 1926. That is my mother's side, under that hidden identity.

Like St John Hunt I have been trying to separate fact from fiction as I weave this into the fabric of the MK-ULTRA programs our parents were in and how that fit into many events in US and world history.

This press-kit essay that is a conjoined patchwork of book excerpts is chuck full of conspiracy theories that have been a nearly full time focus of the public and government of the United States of America and for the first time DOES tie together (and I think credibly and in a way that satisfies the questions still open on these matters) the assassination of Kennedy family member, the CIA activities in Latin America and elsewhere, the assassinations of Marilyn Monroe, Dorothy Kilgallen, 9/11 ties to Saudi Arabia, and the downing of TWA Flight 800, UAL flight 533, and other major national and international disasters.

Many if not most of the people I quote on this and use as source material are people I knew or grew up with as child and nearly all are connected by one to two degrees of publicly verifiable connection to those who have written first hand confessions as to Cold War CAI activities and worldwide CIA activities.

I am facing (and have for decades) harassment including the FBI's most abusive forms vigilantism and smear activities and I believe it is tied to my family's connection to JFK thread of history cover-up attempts as I write about history. My books about the FBI and CIA roles are a dark and dim view of the USA. It's officials uses gangs and thugs to undermine truth seekers in history and illegal acts have left me homeless and subject to police backed attacks the police neither stop nor prosecute. Others have had that same problem with police sanctioned illegal conduct. Writers even amateur writers should not fear for their lives or face break-ins to their offices or death threats and I have experience all those.

Sincerely, Edward Paul Donegan

Books series on The Deep State and the CIA *Special Relationship* With Great Britain

What follows here in this collection of chapters excerpted from my self-published books I am going to call *The JFK Discovery Papers*. Glued together by Donegan family history, my own comments, and the selections I have made of the works of others in matters of public concern and public importance.

The gap between what is, what has happened, and what is understood is filled by the process of discovery. The assassination of John F. Kennedy remains shrouded in mysteries, ever more questions, and ever more focus on a plot internal to the United States and overlapping into global business and global forces that JFK felt threatened the sovereignty of the USA and its presidency.

My own connections to this include my family being friends with the Prouty's, Col Fletcher Prouty who wrote about the CIA and its activities. He left the Donegan piece of that story out as others did in kindness to my family and to me but now those who fear what that part of the story reveals have used a campaign of harassment of me and my attempts to publish. I have read the existing works in great detail and delved into the facts and sources and surrounding information that is related in those works to enrich that history that is moving further behind us and needs to be reclaimed.

My father had a historic role in WWII and the Cold War. So much so he might have been famous before he left the USAAF had he not been in classified work and had he not met his future wife (also historic) Glorian. Her identity and this (again) his had to be kept secret he was told for several reasons. He married her against pressure not to do so but conceded (as Stanely Armour Dunham did) to the CIA he owed a favor to them for their silence. That favor was to remain anonymous even longer so that the hidden identity of Glorian Donegan could be use in a way to help Great Britain and those interests in the USA. Doing so chose a foreign nations and NWO over his own life and demands made on him. I believe elite demanded usage and testing of his Atomic tests sample DNA already in military possession. It was the involuntary science of that era under Sidney Gotlieb and others.

At this particular time in my many drafts of many versions and edits I am reading Roger Stone and his book The Man Who Killed Kennedy: The Case Against LBJ. It supports my theory Vice President LBJ was connected to post WWII plot that was too cozy with England and imperialism and unfair trading companies that had corrupt paramilitary or CIA activities included in their illegal and oppressive operations as they operated in independent nations.

Roger Stone, St. John Hunt, and others adding their names into the roster of new revelations begin with crediting and learning from what is already out there and I Edward Donegan do the same hoping my piece of history I can add in will help this journey towards the truth. Now from Mr. Stone.

Stone- The US Government's planning for a covert action program intended to undermine Castro had been approved by President Eisenhower in March 1960 and was in progress throughout the period of the presidential campaign. Indeed, Nixon was spearheading the Cuban Initiative. Kennedy would use his CIA briefing to outflank Nixon on the right and falsely signal the generals and spooks at the CIA that he would be okay. This head-fake would help cost him his life and give Lyndon Johnson willing co-conspirators.

I know that there are those who may try to ascribe political motives to my authoring of this book. I am a veteran of eight Republican presidential campaigns and have been a shrill partisan and political operative. Those who read ahead will see that ***Republicans Gerald Ford, George H. W. Bush, and Arlen Specter*** are not spared in this narrative. Nor do I pull my punches when it comes to ***right-wing Dallas oilmen like H. L. Hunt, Clint Murchison, Jr., Sid Richardson, or Senator Harry F. Byrd's cousin, D. H. Byrd***. I am not the first person to assert, based on his research, that Lyndon Johnson arranged the murder of John F. Kennedy.

I have built on the work of Phillip F. Nelson's *LBJ: The Mastermind of the JFK Assassination*, Barr McClellan's *Blood, Money, & Power*, Glen Sample's and Mark Collom's *The Men on the Sixth Floor*, and Craig Zirbel's *The Texas Connection*. I have interpreted certain events differently from these authors and, in some cases, provided new information to bolster their original claims of Johnson's complicity in Kennedy's death.

This book stands on the research of citizens who have doubted the government's version of events as depicted by the Warren Commission, including:

Vincent Salandria, Mark Lane, David Talbot, L. Flecher Prouty, John Kelin, Jim Marrs, Gaeton Fonzi, Seth Kantor, Harry Livingston, Gary Mack, Jack White, Fred Newcomb, Harold Weisberg, Sylvia Meagher, Penn Jones, Jr., Dr. Charles Crenshaw, Richard Belzer, Jesse Ventura, Peter Dale Scott, Joachim Joesten, David Lifton, Dan E. Moldea, William Turner, Jonn Christian, Russell Baker, James W. Douglass, Edward Epstein, Billy Sol Estes, Peter Janney, Robert Morrow, Edward Harrison Livingstone, Robert J. Groden, John M. Newman, Mark North, Frank Ragano, Gus Russo, Saint John Hunt, Lamar Waldron, and Thom Hartmann.

Special thanks also go to Houston Attorney Douglas Caddy and to author J. Evetts Haley, whose trailblazing early book on LBJ sold more copies in Texas than any book other than to hThe Bible. - Mr Stone

As with most lists of creditation the risk is to the so many worthy that just aren't there because the list would be too long there has been so much good work in the area.

One of the things we will learn from Mr. Stone as excerpted or from you being his book is Jospeh Kennedy Sr. was a king maker and a matchmaker. He wanted to influence fuure leaders and develop them, do so in conjunction with Great Britain and the WWII allies, and he wanted LBJ and JFK to have a future together. All might have worked well had not the Irish Troubles and the memories of the Colony of Boston not become a forefront issue in 1961.

My name is Edward Paul Donegan and I self-publish under the name New William Cooper while under police harassment threat and violence. I describe my life and survival efforts akin to those of Dorothy Hunt, Lee Bowers Jr., Jean Hill, Jim Garrison, and others whose accounts of our history and families runs against the official accounts of the JFK and RFK assassinations and those of Dr Martin Luther King and Malcolm X as well as others such as Marilyn Monroe.

James Paul Donegan (my father), at age 86, of Lincoln, Calif., originally from Dorchester, Mass., died Oct. 13, from injuries following an accident. Jim leaves his wife, Sue Ann of Lincoln; two sons from his first marriage, Thomas of Provincetown, Mass., and Edward of Arlington, Va. He also leaves a sister, Mary “Betty” Connolly of Atlantic Beach, Fla.; and a brother, Robert of Marshfield, Mass. He served in the Army Air Corps in Europe during World War II and later flew many combat missions as an Air Force fighter pilot over North Korea. Following the war, Jim joined TWA and spent the next 35 years as a pilot captain [and with many stories to tell about Howard Hughes and aerospace and the Cold War]. -

This story is part of the plot that the CIA and MK-ULTRA and a Warren Commission cover-up of the actual assassination details that if known then would have exonerated Lee Harvey Oswald and his family. Pen Jones Jr., Gary Shaw, and others were part of decades long efforts along with Col Fletcher Prouty (played as Mr. X in the Oliver Stone film JFK) and who I knew in real life and was a friend of the Donegan's in the south Boston area to get the truth out about the CIA operatives including "Mr. George Bush of the CIA." Note that Col Prouty was a far-right winger who ghost wrote news and magazine articles for William Buckley Jr. among others, was integral in the CIA overthrow plans and did not accuse the GOP Party elites of being art of that plan out of any political spite.

- Understanding Col Fletcher Prouty and Special Activities world-wide. He worked in the Pentagon's *Office of Special Operations*. (OSO) An office within the US Department of Defense in the mid 1950s and both earlier and later the key years were really from 1951 to 1963 for this part of the story. As a Pentagon official he and General Edward Lansdale (who worked with CD Douglas on OSS CIA Propaganda and Overthrows) Prouty would receive requests for Pentagon resources from the CIA and act as liaison often meeting in the home of Allen Dulles whom he knew well and worked with regularly as he did many other assassinations figures though Prouty despised Lansdale. The OSO was much like the Discount [lending] Window of the Federal Reserve. Selected entities backed by the US Government could come for loans at preferential rates. In the OSO case it was surplus military hardware beings sold to CIA slected companies for CIA covert operations.

The money that purchased from this office was laundered. CIA officials like Thomas J. Devine left the CIA to start Zapata Petroleum whose financial records were described as having been lost. These companies like many military industrial complex enterprises created by the War Industry Board near the end of WWII became what Robert Swanson writes of as free investment money to for robber barons to build empires on. Operation 40 and other collections of these companies and officials used contracts with Murder Inc., surplus military gear, ship and radio and personnel from CIA "proprietary interests" aka CIA owned and operated proprietorship to while in business around the world offfer clandestine assistance to CIA operations and cover-stories for CIA activities.

Run by the National Security Council with little or no oversight they had un-monitored private warfare making in regions around the world and later in the USA being able to assassinate with ease using untracked money and intermediaries denying they were backed by the CIA and denying they were doing CIA requested work. Prouty didi not want a security clearance from the CIA and did not request one but the names of the ships that his OSO were supplying sounded to him like clear George H.W. Bush and Zapata Oil company based CIA activities used for the Cuba Bay of Pigs. He remained

suspicious of this all his life. Prouty was a Donegan family friend and I knew his when I was a young child. As the Donegan family was interlinked with the CIA during WWII and the Cold War my mother was tied into WWI history. That lost part of my mother's story will be part of the WWII and Cold War story when her hidden identity is used by the CIA to secretly become a pawn for a test birth, at least one, that will be a part of Cold War planning and a child who could not be linked back to the USA.

The Bay of Pigs Invasion (Spanish: Invasión de Bahía de Cochinos, sometimes called Invasión de Playa Girón or Batalla de Playa Girón after the Playa Girón and originaly by Che The Bay of Capitalistic Pigs) was a failed military landing operation on the southwestern coast of Cuba in 1961 by Cuban Democratic Revolutionary Front (DRF), consisting of Cuban exiles who opposed Fidel Castro's Cuban Revolution, covertly financed and directed by the U.S. government. The operation took place at the height of the Cold War, and its failure influenced relations between Cuba, the United States, and the Soviet Union.

In 1952, the American-allied dictator General Fulgencio Batista led a coup against President Carlos Prío and forced Prío into exile in Miami, Florida. Prío's exile inspired Castro's 26th of July Movement against Batista. The movement succeeded in overthrowing Batista during the Cuban Revolution in January 1959. Castro nationalized American businesses, including banks, oil refineries, and sugar and coffee plantations.

The Central Intelligence Agency (CIA) began planning the overthrow of Castro, which U.S. President Dwight D. Eisenhower approved in March 1960, and the U.S. began its embargo of the island. This led Castro to reach out to its Cold War rival, the Soviet Union, after which the US severed diplomatic relations. Cuban exiles who had moved to the U.S. following Castro's takeover had formed the counter-revolutionary military unit, Brigade 2506, which was the armed wing of the DRF. The CIA funded the brigade, which also included approximately 60 members of the Alabama Air National Guard,[6] and trained the unit in Guatemala.

Over 1,400 paramilitaries, divided into five infantry battalions and one paratrooper battalion, assembled and launched from Guatemala and Nicaragua by boat on 17 April 1961. Two days earlier, eight CIA-supplied B-26 bombers had attacked Cuban airfields and then returned to the U.S. On the night of 17 April, the main invasion force landed on the beach at Playa Girón in the Bay of Pigs, where it overwhelmed a local revolutionary militia. Initially, José Ramón Fernández led the Cuban Revolutionary Army counter-offensive; later, Castro took personal control.

As the invasion force lost the strategic initiative, the international community found out about the invasion, and U.S. President John F. Kennedy decided to withhold further air support.[7] The plan, devised during Eisenhower's presidency, had required the involvement of U.S. air and naval forces. Without further air support, the invasion was being conducted with fewer forces than the CIA had deemed necessary. The American force, Brigade 2506 invading force were defeated within three days by the Cuban Revolutionary Armed Forces (Spanish: Fuerzas Armadas Revolucionarias - FAR) and surrendered on 20 April. Most of the surrendered counter-revolutionary troops were publicly interrogated and put into Cuban prisons.

The invasion was a U.S. foreign policy failure. The Cuban government's victory solidified Castro's role as a national hero and widened the political division between the two formerly allied countries. It also pushed Cuba closer to the Soviet Union, setting the stage for the Cuban Missile Crisis in 1962.

One can imagine that as the Cuban Air Force gained air superiority over Playa (beach) Girón (French figure probably tied to slave trafficking) JFK calling off the machine gun modified B-26 planes that Prouty, Holt, and others were using in Guatemala and Indonesia as well as for Playa Girón then the boats had little chance of returning back to the USA with only small fighters defending them.

Those on the George H. W. Bush and other CIA boats full of David Morales Brigade 2506 recruits were now going to be captured and tortured or killed or all of the above.

And George H.W. Bush made it to Dealey Plaza to see the JFK visit.

THIS week President Bush is motorboating in the waters off Kennebunkport, Maine. But 30 years ago. a former Pentagon official suggests. Bush may have secretly helped skipper a riskier amphibious mission - the Bay of Pigs invasion.

Officially. Bush has denied that he had any contact with the CIA until 1976. when Gerald Ford named him the agency's director. Then, five years ago, there came to light a memo, dated Nov. 29, 1969. in which J. Edgar Hoover reported that the FBI had briefed "Mr. George Bush of the Central Intelligence Agency."

Now (Ret.) ***Col. L. Fletcher Prouty***, who served as *Chief of Special Operations* (OSO) for the Joint Chiefs of Staff until 1964, has shared some curious recollections about the failed Bay of Pigs operation. in which Cuban exiles tried to over throw Fidel Castro.

Prouty, who coordinated supplies for the 1961 fiasco, tells PAGE SIX that the invasion was code-named "Zapata." and that the two boats used by the invaders were named "Barbara" and "Houston."

It happens that, at the time of the invasion, Bush ran an offshore oil company called Zapata. The company, which did much of its business in the Caribbean. was based in Houston, where Bush lived with his wife Barbara.

Prouty says: "At the time I had no idea why they picked those names Later I realized -'Zapata,' 'Barbara.' 'Houston' a triple co- incidence is pretty rare."

Prouty, who in 1975 charged that Richard Nixon aide Alexander Butterfied served as CIA contact in the White House, added: "The Bay of Pigs program was approved in March. 1960. during the Eisenhower Administration.

The chances are that it might have been pulled together by bright young Republicans. I can't prove it, but it wouldn't surprise me that Bush was another one of the fellas recruited by the CIA out of Yale. Much of the support - the guns. shoes, vehicles - came from Texas."

Some Dirt About the CIA now Moved Into The Story

CIA Helped Bush Senior In Oil Venture

Bush has long denied allegations that he had connections to the intelligence community prior to 1976, when he became Central Intelligence Agency director under President Gerald Ford. At the time, he described his appointment as a 'real shocker.'

But the freshly uncovered memos contend that Bush maintained a close personal and business relationship for decades with a CIA staff employee who, according to those CIA documents, was instrumental in the establishment of Bush's oil venture, Zapata, in the early 1950's, and who would later accompany Bush to Vietnam as a "cleared and witting commercial asset" of the agency.

According to a CIA internal memo dated November 29, 1975, Bush's original oil company, Zapata Petroleum, began in 1953 through joint efforts with Thomas J. Devine, a CIA staffer who had resigned his agency position that same year to go into private business. The '75 memo describes Devine as an "oil wild-catting associate of Mr. Bush." The memo is attached to an earlier memo written in 1968, which lays out how Devine resumed work for the ***secret agency*** under commercial cover beginning in 1963.

"Their joint activities culminated in the establishment of Zapata Oil," the memo reads. In fact, early Zapata corporate filings do not seem to reflect Devine's role in the company, suggesting that it may have been covert. Yet other documents do show Thomas Devine on the board of an affiliated Bush company, Zapata Offshore, in January, 1965, more than a year after he had resumed work for the spy agency.

PUBLICLY AVAILABLE MATERIAL SHOWS MORE AND MORE IT WAS THE CIA THAT RAN THE CUBA OPERATION FIRST AGAINST CASTRO THEN AGAINST JFK

Even newer information recovering and adding to nearly totally lost Prouty information is the plans for Indonesia were just beginning and protected by the CIA assassinations team as the Guatemala operation in 1954 had already succeeded and in 1962 the Cuba operation had already failed and but put to rest by all concerned nations. It was this Indonesia plan for the offshore area of Australia that the the Deep State would not let JFK cancel or reveal. The document forgers and cover operations teams were in full force again using Los Angeles Stationary and Stamp and other CIA contractors help to create the foundations for later Indonesia overthrow by inserted falsified and hidden identities and hidden CIA connections.

Today break-ins, fabricated evidence, and covert provocateurs have left me homeless and often without access to computer equipment or internet access and the struggle for those continues. I am the last living member of my family as I struggle to tell this story told by others also but others were not believed until I hope now as I corroborate them in my own accounts.

It seems unlikely Government activities would include (while under-cover or using assets) break-ins to the private home of anyone writing about the RFK and JFK assassinations but after the black bag jobs and use of gang-fights to drive me from my home the Texas public library system I used next and reported the situation to have used the same harassment scheme.

I come from a family of two historically connected (all lives are historical, the events they are trapped in may or may not be noticed and they may or may not be noticed) and the history is with Joseph Kennedy Sr., his and Rose Fitzpatrick's children, their deaths including JFK and RFK, other deaths including Sonny Bono, and the McMartin preschools scandal some (Ted Gunderson) and others say were CIA connected, and George H.W. Bush connected like the Conspiracy of Silence case Ted Gunderson and CIA operatives William Colby and John DeCamp wrote about.

Before his death Lee Harvey Oswald discovered in 1963 Nazis in North Carolina. I can tell you some of that. As Ted Gunderson reported McMartin School had CIA testing and I think I was a part of that in 1962. My mother Glorian Gainey until she was 9 that is in 1936 lived with her brother Harold in North Carolina and was then orphaned. I belie they were tied to the Kutscheras. I spent my summers as child in South Carolina in a family area she was adopted into. Staying at Harold's farm house on Route 1 Bishopville, South Carolina we were near his Camden SC DuPont employers, and while there she my mother had help with me. I was a crazy child and in SC they were trying to find out why I was so abnormally volatile a child. Bad enough and then for days at a time a single mother as my father was away on trips thus the need to be relocated in the non-school months to the South Carolina relatives.

James Paul Donegan was born in Dorchester Massachusetts a Roman Catholic. He met Glorian Donegan and married her in 1952. He joined the US Army Air Force and may have been a test pilot for the P-51 at Inglewood and certainly flew it in WWII over Europe as a RECON Pilot and later took part in the first and second atomic bombing of Japan. As part of that he watched the Los Alamos New Mexico test blast from a nearby tower. Following WWII he flew in the Korean war from ATUSGI and later for TWA where he seemed to know Barry Seal and "Florence" from accounting.

He might have been famous if not for the needs of his wife Glorian he divorced for other reasons (volatile emotions she had) in 1980 or so. She herself might have been famous had she not had the Bastard Parents Combo - One famous perhaps aristocratic parent and one parent the person the aristocrat had an affair with and is trying to hide. A child of the Famous (Windsors) and Infamous (Kutscheras). In Glorian's case it appears a philandering Windsor (Albert or Edward) and Maria Kutchera the ex-noviate Nun who became pregnant and was the niece of Nazi SS General Franz Kutchera. These children (more than one) were move into North Carolina withe Dean Rusk area likely as a favor to the Von Trapps and Winsdor's and Glorian was given a fake name and birth records of falsified parents.

Like St John Hunt son of E. Howard Hunt I am telling the story of the Bush Family Treason and CIA downing of airplanes (such as UAL 533) that cover up the Ford Nixon Bush Rockefeller ties into the assassination of JFK and RFK and others by the CIA.

"*Did they do that, shoot down the plane Dorothy Hunt was on?*" "*Could they*" "*Would they" and "Who are they*?" all are questions. Chauncey Marvin Holt in one book and an appendix full of scanned and preserved documents answers as those questions that the conspiracy theory raise by telling of the secret CIA airbase in Grace Ranch once for gambling horses of Peter Licavoli) and other CIA secret air force operations and secret navy operation the CIA began in the Cold War to intercede in (while using disguises for both CIA personnel and CIA military equipment and crafts) wars around the world. That equipment ranging from pistols to howitzers and bombs and surface-to-air and air-to-air missiles were in a covert CIA command and the CIA had all to hide from the world about the assassination of JFK, Watergate, and more.

What I can tell you and Chauncey Marvin Holt and Col. Fletcher Prouty have already told you from their information and my own is that a slightly-used Air Force was used by the CIA to covertly to wage war around the world. Disguised as indigenous fighting forces US combatants entered into civil wars around the world or started them to get the victor-scenarios the US thought advantageous for satellite nations.

In WWII massive new battle machines were created. At the end of WWII they were auctioned of as surplus to or given to academic institutions (who may need to transport machinery or other materials from field research) or to other possible re-purposing. As Jesse Ventura and Col Prouty write it was Col Prouty's job to provide to the CIA used Pentagon resources bought through these repurpose programs and Chauncey Holt picks up the story of them being rebuilt and designed with Robert Mahue and others turned into souped up modern weaponry flying in obsolete air frames seemingly owned by Latin American air forces. This covert military capability gave the CIA the personnel it developed and war-making equipment for extensive military grade capabilities and become one of the larges though cover military forces in the world.

Jim Donegan in the 1950's was part of ***Mutagenic studies***, his DNA part of atomic test blast and being airborne over Nagasaki and Hiroshima. Glorian was a bastard child of some Windsor family member or another (Edward or Albert) in a line like that the FOXP2 gene runs in that is very similar to ADHD and Dyslexia that responds to amphetamine treatments. Her secret connections to public figures who wanted to hide they had defects made her a good choice as an egg donor IF they wished (and they did) to study their offspring from generation to generation as ***Eugenics studies***. So Mr Mutagenic meets Mrs Eugenics. And Dr Sidney Gottlieb and the CIA and Donald Barr were interested.

The events of this conspiracy theory span Watergate, UAL flight 553, TWA Flight 800, the Bush and LBJ families oil connections and Murder Inc. used in the assassination of JFK, and the P-51 Inglewood Manhattan beach Los Angeles country assassination of Robert F. Kennedy. Los Angeles became the epicenter of this in the 1920's when Joseph Kennedy Sr and (later Admiral) Halsey got some Windsor family bastard children out of wedlock, into orphanages and preschools in the USA where under hidden identities these children were examined at early ages for signs of the London FOXP2 gene that runs in some well connected elite families including the Kennedy Family (including Rosemary) Rockefeller family, and my own the Donegan family through Glorian and I Edward Paul Donegan express the gene.

When Jim (my father) met Glorian (my mother) did it have anything to do with DNA? Yes and I was born in 1961 the year the Nobel Prize was given to DNA researchers basing their work on Slide 51.

1. Richard Nixon With Labor and Crime and Australia Focuses. Cuba and the public Bay of Pigs fiasco remain the visible topics of failures of the CIA. But the actions surrounding Guatemala and Indonesia and the use of organized crime by the CIA better tell how Nixon and his schemes landed in trouble and turned to terror against the Kennedy family and the USA.

2. Who was in

   preschools and adoption systems

   in Franklin Nebraska Boystown and California including Mc Martin Preschool and Marilyn Monroe will explain the scheme JFK and RFK were assassinated over and later UAL 553 and TWA 800 were sabotaged over and possibly the Lockerbie Scotland crash as well. It will also show US Presidential history mired in this covert cold war scheme now being covered up by the same family lines who ran the programs in some cases going back to the 1920's.

   "Thirty-five students studying abroad with Syracuse University were struck down from the sky on Pan Am Flight 103 on December 21, 1988, along with 224 other passengers and eleven Lockerbie residents, victims of a terrorist bombing. But in the long process of grief, there is the comfort that comes from other memories." https://remembrance.syr.edu/about/

   Pierre Emil George Salinger (June 14, 1925 – October 16, 2004) was an American journalist, author and politician. He served as the ninth press secretary for United States Presidents John F. Kennedy and Lyndon B. Johnson. Salinger served as a United States Senator in 1964 and as campaign manager for the 1968 Robert F. Kennedy presidential campaign.

   After leaving politics, Salinger became known for his work as an ABC News correspondent, particularly for his coverage of the Iran Hostage Crisis; the bombing of Pan Am Flight 103 over Lockerbie, Scotland; and his claims of a missile being the cause of the explosion of TWA Flight 800.

   His talent and love of music carried over into his career as press secretary when, at the behest of First Lady Jacqueline Kennedy,[5][a] he would invite musicians such as Pablo Casals and Igor Stravinsky to the White House.[3] President Lyndon B. Johnson once had Salinger perform on the piano to 600 of his guests.[1]:161 "If Jackie Kennedy was the one who thought maybe America was ready for a higher culture, her ally in it or her agent was Pierre," said Richard Reeves, author of President Kennedy: Profile of Power (1993).

After Salinger researched and wrote a number of articles in 1956 about labor union leader Jimmy Hoffa, Robert F. Kennedy hired him to be legal counsel for the Senate Select Committee investigating organized crime. Later, Kennedy wanted him to be press secretary to his brother, John F. Kennedy, who was then a member of the Senate.

Salinger worked on John Kennedy's presidential campaign in 1960 and became one of its leading figures. He was at times described as being part of Kennedy's Kitchen Cabinet of unofficial advisers.[9] After Kennedy was elected in 1961, he hired Salinger as his press secretary. When Kennedy became the first president to allow live television broadcasts of his news conferences, Salinger was said to have managed the press corps with "wit, enthusiasm and considerable disdain for detail,"[3] which made him a "celebrity in his own right."

Ed Donegan (myself) in this story-line show how the Family Jewels program was run in these institutions and William Colby, John Decamp, and Ted Gunderson worked to expose. According to Ted Gunderson and with John DeCamp believing it plausible William Colby was assassinated over his role investigating and exposing the CIA Family Jewels program run by George H.W. Bush and the allies of that family including FOrd, etc.,

McMartin preschoolThe McMartin preschool trial was a day care sexual abuse case in the 1980s, prosecuted by the Los Angeles District Attorney, Ira Reiner. Members of the McMartin family, who operated a preschool in Manhattan Beach, California, were charged with hundreds of acts of sexual abuse of children in their care. Wikipedia. I Edward Paul Donegan am from the McMartin preschool 1962 entering one year after JFK has visited the area on the day of my birth 11/18/1961. Children were NOT used as prostitutes as the investigations found but there WAS CIA activity including abusive stress testing of children in those facilities. This was the Family Jewels Program of the CIA working closely with Great Brittain and brain researhers.

In 1988, state and federal authorities began looking into allegations that prominent citizens of Nebraska, as well as high-level U.S. politicians including George H.W. Bush then President of the USA, were involved in a child prostitution ring. Alleged abuse (ABUSE DID OCCUR PROSTITUTION DID NOT) victims were interviewed, who claimed that children in foster care were flown to the East Coast of the United States to be sexually abused.

The accusations primarily centered on Lawrence E. King Jr., who ran the now defunct Franklin Community Federal Credit Union in Omaha, Nebraska, and alleged that King hosted “lavish parties at which minors were sexually abused”. King was a rising figure in the Republican Party before the investigation, and owned multiple houses in Nebraska along with a house in Washington D.C. which he rented. The Franklin Credit Union was raided by authorities investigating the embezzlement of tens of millions in November 1988.

The Nebraska Legislature organized a state committee in December 1988 to look into both the credit union embezzlement and the child prostitution allegations named the Franklin Committee, led by state Senator Loran Schmit and Ernie Chambers acting as vice chair. Numerous conspiracy theories spread after the committee was announced, claiming that the alleged abuse was part of a widespread series of crimes including devil worship, cannibalism, drug trafficking, and CIA arms dealing.

In July 1990, private investigator Gary Caradori, hired by the Franklin Committee to investigate the allegations, died along with his 8-year-old son when his plane disintegrated in mid-air near Chicago. Foul play was suspected by Caradori's brother and state Senator Loran Schmit, but was not proven by investigators. No definitive cause for the crash has been established.

Ted Gunderson led proffensional excavators and researchers to the McMartin preschool campus and located a network of secret tunnels, etc., the CIA had used.

3. .\Prouty\Prouty.html In the 1950's there are two assassins working for the US Government. Prouty and George H.W. Bush. Like St. John Hunt who I may have crossed paths with in Concord California I knew some of my family history but only parts of it the rest of it. Edmund Burke is an interesting figure in history my father frequently spoke of on the subject of historians and Anglo-American relations and Burke has written "*Reading without reflecting is like eating without digesting.* In this chapter on Col Fletcher Prouty who I knew as a child I discuss piecing history together as more information becomes available to us. This is true of St John Hunt's treasures he has written and I hope it not only true of what I read and reflect on but the world itself digests from all sources of our history."

   Richard Nixon is the Lens. From behind him are large financial interests (think the Checkers the Dog speech) and through him the plans of those (Paris Island types) are focused onto Prouty who from the Pentagon will be the focal point both the CIA and Pentagon will get the missions picture and instructions to follow from. Mike Pence will take over Richard Nixon's National Security Council role much later after a Prescott Bush relative (Billy Bush) creates a blackmail scenario and with the British subvert Donald Trump and load the Deep State operatives into his cabinet.

4. The CIA Conspiracy to assassinate JFK and its regime change MK-ULTRA motives. It comes from William Randolph Hearst and Prescott Bush and newcomers to the Business Plot Richard Nixon, George H.W. Bush, and William Randolph Hearst Jr.

   A. .\curriculum vitae\CVs.htmlThese are the CVs of those who have confessed to (and that is asking a lot) the Deep State role in the assassination of JFK and by extension witnesses and relative since then and other cover-up activities.

      Their credible and common stories is that the "Eastern Establishment" mostly composed of oil interest and robber barrons had intended to covertly (using disguised and denied CIA support) facilitate favorable (to the USA and Great Britain) civil conflicts in independent nations using both oil money to finance the operations and entice corporate front companies into the CIA operations and use those companies (and Murder Inc., religious, and other various parties) into a wide and diverse fabric of opposition to independent governments.

      The intended order flows through tracing the activities of the trigger-men at the scene in Dealy Plaza, Texas to those holding office today and current writers and historians and their works.

B. Diplomatic and Military connections between the USA and Great Britain before, during, and after WWII, The George Bush Unauth orized Biography explains the background for what those authors (an others) call the Bush Treason. The Walker family (think George Herbert Walker Bush) was part of English banking funding projects around the world. Whether the Panama Canal or United Fruit Company in Latim America or the Caribbean, or Allen Dulles and Sullivan and Cromwell the cast of characters of finance, family, and diplomacy includes both FDR and the Kennedy's and the Bush family. The Rockefeller Republicans make-up the Brahim side of the house, the Democrat Party side had similar world views about foreign threat but preferred more democratic measures. The was overlap and the differs were as to the degree of secret programs. Averell Harriman plotted most of the Cold War and nations building while WWII was still being fought and much of the plan was agreed to in Paris among the allies in 1949. The inter-relationship with the oil business, agricultural and other programs, and the CIA were very strong. The Nation-State level dislodges were between Undersecretary of the Navy and his shipbuilder Joseph Kennedy Sr. and late President FDR and his Ambassador to England Joseph Kennedy Sr. The CIA connections were Wild Bill Donovan, Allen Dulles, and notably James Jesus Angleton. Angleton escaped the first round of CIA firings JKF did but was later fired by William Colby. It was in the Rockefeller Republicans including Tricky Dick Nixon the covert programs in the Cold War were run under and I assert a schism broke out with the Kennedy family in 1961 during the Troubles.

Donegan Family Bio and Hunt Family Bio are the answers the *United States House of Representatives Select Committee on Assassinations* and overthrows (HSCA) 1976 Sought. Merging these two family bios doubles and synergizes (finaly) the whole story. In this file directoryI show that both my father and mother were connected to the history of WWI and WWII in famous but still partially concealed story-lines that led to the Kennedy deaths at the hands of US and British secret warfare teams.

The **United States House of Representatives Select Committee on Assassinations** (**HSCA**) was established on September 15, 1976 by U.S. House Resolution 1540 to investigate the assassinations of John F. Kennedy and Martin Luther King Jr. in 1963 and 1968, respectively. The select committee was first formed by the 94th United States Congress, and expired at the end of the 95th Congress.

The Donegan bio also explianas the death of Malcom X and Robert F. Kennedy by these same Nixon led mafia groups.

The HSCA completed its investigation in 1978 and issued its final report in 1979, which concluded that Kennedy “was probably assassinated as a result of a conspiracy.” In addition to acoustic analysis of a police channel dictabelt recording, the HSCA also commissioned numerous other scientific studies of assassination-related evidence that corroborate the Warren Commission's findings. However, the HSCA challenged the Warren Commission's conclusion that Lee Harvey Oswald was the only shooter, while stating that it was “unable to identify the other gunman or the extent of the conspiracy.” The HSCA likewise concluded, based on circumstantial evidence, that there was a "likelihood” King was also assassinated “as a result of a conspiracy." The two-year inquiry cost $5.8 million. In December 1978, the HSCA recommended that the Department of Justice review its findings to decide if further investigation was merited.

The HSCA found that although the Commission and the different agencies and departments examining Kennedy's assassination performed in good faith and were thorough in their investigation of Lee Harvey Oswald, they performed with "varying degrees of competency" and the search for possible conspiracy was inadequate. The HSCA determined, based on available evidence, that the probable conspiracy did not involve the governments of Cuba or the Soviet Union. The committee also stated that the conspiracy did not involve any organized crime group, anti-Castro group, nor the FBI, CIA, or Secret Service. The committee found that it could not exclude the possibility that individual members of the national syndicate of organized crime or anti-Castro Cubans were involved in a probable conspiracy to assassinate President Kennedy. However, some members of the committee would later state their personal belief that one of those groups was involved in the assassination, with Representative Floyd Fithian believing that the Kennedy assassination was orchestrated by members of organized crime.

In a memorandum written to the House Judiciary Committee in 1988 by Criminal Division Assistant Attorney General William F. Weld, the recommendations of the HSCA report were formally reviewed and a conclusion of active investigations was reported. In light of investigative reports from the FBI's Technical Services Division and the National Academy of Sciences Committee determining that "reliable acoustic data do not support a conclusion that there was a second gunman" in the Kennedy assassination, and that all investigative leads known to the Justice Department for both assassinations had been "exhaustively pursued", the Department concluded "that no persuasive evidence can be identified to support the theory of a conspiracy in either the assassination of President Kennedy or the assassination of Dr. King."

Salvatore "Mooney" Giancana (/ˌdʒiɑːnˈkɑːnə/; born **Gilormo Giangana**; Italian: [ˌdʒiˈlɔrmo dʒaŋˈgaːna]; May 24, 1908 – June 19, 1975) was an American mobster who was boss of the Chicago Outfit from 1957 to 1966.

After Giancana's return to the United States, police detailed officers to guard his house in Oak Park, Illinois, but on the night of June 19, 1975, shortly before he was scheduled to appear before the Church Committee, which was investigating CIA and Cosa Nostra collusion, a gunman entered the home through the basement and shot Giancana in the head and neck seven times with a .22 caliber pistol. At around 11 p.m., Joseph DiPersio, Giancana's caretaker, found his body on the floor of the basement kitchen where he was said to be frying sausage and peppers. A week before his death, Giancana had gall bladder surgery in Houston.

It is widely reputed and was partially corroborated by the Church Committee hearings that during the Kennedy administration, the CIA recruited Giancana and other mobsters to assassinate Fidel Castro. Giancana reportedly said that CIA and the Cosa Nostra were "different sides of the same coin".

Chauncey Holt reports (and provides documents that include handwriting) that Sam Giacanca aka Sam Gold, William King Harvey, and others met at Ray Ryan's El Mirador resort to work on what would become the Dallas, Texas assassination of JFK. Much of it

was organized by Phillip Twombly using Los Angeles resources such as Los Angeles Stationary and Stamp CO (LASSCO) and gun smiths and banking.

Judith Exner claimed to be the mistress of both Giancana and JFK, and that she delivered communications between them about Castro. Giancana's daughter Antoinette has stated that her father was performing a scam to pocket millions of CIA dollars.

Documents released in 1997 revealed that some Mafiosi worked with CIA on assassination attempts against Castro. CIA documents released in 2007 confirmed that in September 1960, the CIA recruited ex-FBI agent Robert Maheu to meet with the West Coast representative of the Chicago mob, Johnny Roselli. When Maheu contacted Roselli, Maheu hid that he was sent by the CIA, instead portraying himself as an advocate for international corporations. He offered $150,000 to have Castro killed, but Roselli refused any pay. Roselli introduced Maheu to two men he called Sam Gold and Joe. "Sam Gold" was Giancana; "Joe" was Santo Trafficante Jr., the Tampa syndicate boss and one of the most powerful mobsters in prerevolution Cuba. Glenn Kessler of *The Washington Post* explained: "After Fidel Castro led a revolution that toppled the government of Fulgencio Batista in 1959, CIA was desperate to eliminate Castro. So, the agency sought out a partner equally worried about Castro-the Mafia, which had lucrative investments in Cuban casinos."

According to the declassified CIA "Family Jewels" documents, Giancana and Trafficante were contacted in September 1960 about the possibility of an assassination attempt by Maheu after Maheu had contacted Roselli, a Mafia member in Las Vegas and Giancana's number-two man. Maheu had presented himself as a representative of numerous international businesses in Cuba that Castro was expropriating. He offered $150,000 for the "removal" of Castro through this operation, though the documents suggest that neither Roselli, Giancana, nor Trafficante accepted any payment for the job. Giancana suggested using poison pills to dose Castro's food and drink. CIA gave these pills to Giancana's nominee, Juan Orta, whom Giancana presented as a corrupt official in the new Cuban government and who had access to Castro. After six attempts to introduce the poison into Castro's food, Orta abruptly demanded to be relieved of his role in the mission, giving the job to another, unnamed participant. Later, Giancana and Trafficante made a second attempt using Anthony Verona, the commander of the Cuban Exile Junta, who had, according to Trafficante, become "disaffected with the apparent ineffectual progress of the Junta." Verona requested $10,000 in expenses and $1,000 worth of communications equipment. How much work was performed for the second attempt is unknown, as the program was canceled soon after due to the Bay of Pigs invasion in April 1961.

According to the "Family Jewels", Giancana asked Robert Maheu to wire the room of his then mistress Phyllis McGuire, singer of the McGuire Sisters, whom he suspected of having an affair with comedian Dan Rowan. Although documents suggest Maheu acquiesced, the device was not planted because the agent who had been given the task of planting it was arrested. According to the documents, Robert F. Kennedy prohibited the prosecution of the agent and Maheu, who was soon linked to the wire attempt, at the CIA's request. Giancana and McGuire, who had a long-lasting affair, were originally introduced by Frank Sinatra. According to Antoinette Giancana, during part of the affair, McGuire had a concurrent affair with President Kennedy.

By Edward Curtin Review of Greg Poulgrain's book "The Incubus of Intervention: Conflicting Indonesian Strategies of John F. Kennedy and Allen Dulles"

This is the central question addressed by Greg Poulgrain in his extraordinarily important book, The Incubus of Intervention: Conflicting Indonesian Strategies of John F. Kennedy and Allen Dulles.

Two days before President John Kennedy's assassination on November 22, 1963, he had accepted an invitation from Indonesian President Sukarno to visit that country the following spring. The aim of the visit was to end the conflict

(*Konfrontasi*) between Indonesia and Malaysia and to continue Kennedy's efforts to support post-colonial Indonesia with economic and developmental aid, not military. It was part of his larger strategy of ending conflict throughout Southeast Asia and assisting the growth of democracy in newly liberated post-colonial countries worldwide.

He had forecast his position in a dramatic speech in 1957 when, as a Massachusetts Senator, he told the Senate that he supported the Algerian liberation movement and opposed colonial imperialism worldwide. The speech caused an international uproar and Kennedy was harshly attacked by Eisenhower, Nixon, John Foster Dulles, and even liberals such as Adlai Stevenson. But he was praised throughout the third world.

Of course JFK never went to Indonesia in 1964, and his peaceful strategy to bring Indonesia to America's side and to ease tensions in the Cold War was never realized, thanks to Allen Dulles. And Kennedy's proposed withdrawal from Vietnam, which was premised on success in Indonesia, was quickly reversed by Lyndon Johnson after JFK's murder. Soon both countries would experience mass slaughter engineered by Kennedy's opponents in the CIA and Pentagon. Millions would die. Subsequently, starting in December 1975, American installed Indonesian dictator, Suharto, would slaughter hundreds of thousands East-Timorese with American weapons after meeting with Henry Kissinger and President Ford and receiving their approval.

Dulles's Secret

What JFK didn't know was that his plans were threatening a covert long-standing conspiracy engineered by Allen Dulles to effect regime change in Indonesia through bloody means. The primary goal behind this plan was to gain unimpeded access to the vast load of natural resources that Dulles had kept secret from Kennedy, who thought Indonesia was lacking in natural resources. But Dulles knew that if Kennedy, who was very popular in Indonesia, visited Sukarno, it would deal a death blow to his plan to oust Sukarno, install a CIA replacement (Suharto), exterminate alleged communists, and secure the archipelago for Rockefeller controlled oil and mining interests, for whom he had fronted since the 1920s.

Dr. Poulgrain, who teaches Indonesian History, Politics and Society at the University of Sunshine Coast in Australia, explores in very great detail historical issues that have critical significance for today. Based on almost three decades of interviews and research around the world, he has produced a very densely argued book that reads like a detective novel with fascinating sub-plots.

The Importance of Indonesia

Most Americans have little awareness of the strategic and economic importance of Indonesia. It is the world's 4th most populous country, is situated in a vital shipping lane adjacent to the South China Sea, has the world's largest Muslim population, has vast mineral and oil deposits, and is home to Grasberg, the world's largest copper and gold mine, owned by Freeport McMoRan of Phoenix, Arizona. Long a battleground in the Cold War, it remains vitally important in the New Cold War launched by the Obama administration against Russia and China, the same antagonists Allen Dulles strove to defeat through guile and violence. Just recently the Indonesian government, under pressure from the army that has stymied democratic reforms for 18 years, signed a defense agreement with Russia for the sharing of intelligence, the sale of Russian military equipment, including fighter jets, and the manufacturing of weapons in Indonesia. While not front page news in the U.S., these facts make Indonesia of great importance today and add to the gravity of Poulgrain's history.

Extortion and Blackmail in Black And White. My presence in places like libraries, grocery stores, apartment complexes, is being extorted (by fraudulent embellishments of what my activities in those locations are be they H-E-B, my apartment complex occupancy I have had, library usage, coffee shops, etc., into staged allegations I am their to commit harm to children, I am retarded myself and should have retardation services speak and act for me, and my claims I am neither a criminal nor incompetent to act for myself as self serving frauds concocted to defraud my assets and allow frauds to succeed including the needy and helpless intentionally used to seem empathetic victims of who I am being maligned as. The affects of this smear campaign has been evictions after resulting fights, violent attacks on me by either the criminals or dupes of the smear campaign, and other complications in my life. I have asserted all along I refute the allegations staged and suspected ties to the Kennedy assassination were the REAL reason I was being sabotaged as were my computers and writing environments.

Faking consent is breaking consent. Using frauds to force consent to an agreement is fraud and faking that real consent exists when it does not is also fraud. Both of these pretenses that I agree to any of this sluch fund activity of con artists.

Extortion takes a White activity (a good like shopping for groceries or using a library or restaurant) and forces a black activity, in this case exposure to children being disgustingly sexualized and a price named as to how much will be charged for the lewd imagery. Blackmail is different. Blackmail takes a person of wrongful intent who c omitted a wrong (a black action, or a bad one) and offers to turn it white (erase the bad) for a fee. What Jen Moore knew is that I would not (and have not) done what I am extorted as doing.

In fact at times in my life I have rejected it when an emancipated minor about to turn 18 talked about with me and without touching in contemplation of it we both rejected it. In all other times except for that one friend of a friend I had rejected anything like that. But if i COULD be linked to such a thing it sets up blackmail. Jen Moore was a former police officer and had training in law as well as her husband who worked with the Marshalls and FBI in banks fighting money laundering and racketeering. These were the skill she used in her whistle-blowing of the covert operation shaking down a dopple of Ed Donegan.

Jen Moore talks about being terrorized, threatened, beaten, and driven to emotional distress by thugs recruited from inmate and me ntal health populations to harass, bird dog, and attack whistle-blowers like herself (and Veronica Hoffman and others like Ed DOnegan myself.

Roadblocking, Disruption, and Preemption are more I think the USA terms. Ted Gunderson and others describe techniques used by the state to silence journalists and whistle-blowers.

The Ultimate OBJECTIVE Of HARASSMENT (Disagreeable and insufferable environments):To Induce and sustain [in the Target] long-term extremes of stress, and to force the individual to commit an act of violence, whether suicide or murder, that can be plausibly denied (hence the ultimate "success" of the operation). Julianne McKinney Former Army Intelligence Officer

An environment full of distraction rather than attraction, an unusable and unpleasant an disagreeable place if not remediated my lead to a fight. That fight that can lead to police shooting or arresting a Target who is described as a trouble maker for conflicts with police and conflicts with others. Police sent hooligans allows the police to step into a fight covertly started when they had no reason for an arrest or shoot a whistle-blower before the fight. Some of the harassment is so disgusting deep trauma surely results even if a Target turns the other cheek ignoring the religious, sexual, or inter-personal assualts and threats.

Police Abuse in low grade does abusive things to a person. Insulting, demeaning, combative or abusive and insufferable. Disagreeableness by the sound of it, sight of if, presence of it, whatever disagreeable thing being done might result in a conflict though harassment often is considered suggestive rather than tangible. In my case disgusting images and actions of very young girls in effect force me into a sleep-over with them in their loose clothing as nearby people laugh at me as to why I am around the girls and there I am doing it again. Moderate police abuse goes beyond the insufferable to the obstructive. Dangerous and violent schizophrenic homeless people will step into your path and hope to fight you. By being in the way as a physical block to where you need to go like the front door into your apartment they hope to present a fight you have to survive before you can reach the door to your home. Imminent police abuse such as when I write about certain police or public figures or content they wish to suppress include violent strikes at me or my office equipment, sudden evictions base on long term shill fake neighbors who have been starting fights and planting evidence or vandalizing or gas lighting at the landlord instruction, the landlords themselves assets of the State who moved those thugs in in as neighbors. Use of poisons and radioactivity are possible at any stage of police abuse. Both reputations and the physical bodies of police targets are poisoned.

Gritz did not know what those documents (the were the story of Edward Donegan and Glorian Donegan) were but she does know that the FBI called her August 13th to tell her that her friend was dead this is the Capitol Heights Maryland hotel where Moore was found unresponsive by housekeeping.

Grit said that she never knew Moore's last name but that the police called her because she had listed the veteran FBI agent as the next of kin.

"On Monday I was sitting towards the end of the day no sitting at my desk at work and I looked down and a lot of messages were coming in myself up and so I looked at on Twitter someone had messaged me you do know task force is that task force was the nickname for Moore and grits said that she used it instead of her name to protect her craite said that she thought it was all a sick joke but after calling around she confirmed that task force had passed and then the phone rang it was a detective from Prince George's County Police Department and really really nice guy and he said I got your name and number to get her next-of-kin and he he just said you know this poor woman he goes suicide is it's pretty much ruled out nothing to indicate suicide nothing to indicate a forced entry nothing to indicate of any kind of physical confrontation.

the initial call was that Moore had suffered a seizure she said Robin Gretz was not just any FBI veteran ***for 16 years she was a top agent assigned to high-profile cases such as the Boston Marathon bombing and posted as the FBI's liaison officer to the Defense Intelligence Agency six years ago.*** She filed a gender discrimination complaint but instead of addressing her concerns the FBI put her on unpaid leave and has slow walked her case.

Using her skills she used Moore's phone number to find three of the reporters relatives and passed on their details to the detective it was this personal history that formed the bond between the two women as more herself was a former California police officer who was targeted by her leadership.

Truepundit.com reported that Moore had come to them about the child molestation ring she was investigating with the help of a 26 year-old who said he was passed around the ring in the 1990s .

I said you know you need to kind of focus on what you have here that is the most needed and and I thought you talked to someone ..

Brett McCabe said she never knew what Moore was working on [It was the Edward Paul Donegan Glorian Donegan story of how my family ties to the Kennedy assassination) but she did know it was getting serious in the middle of doing all this research she realized she was possibly getting into some pretty dark places so she and she had documentation (about the Donegan family) for everything so she texted me and said I got to find out who I can give this paperwork to and if it gets into the wrong hands someone will kill me and that was just I could say.

that was only about to speak before her her death was when she said if it gets in the wrong hands at one point she offered to take in more at her place in the Midwest but more never followed up on it she said now she is mourning a friend and fellow traveler I would describe and I actually just picked it up a little thing for her kind heart fierce minded brave spirit that's exactly how I would describe Jenny.

End of OANN interview. I Edward Donegan have received death threats and disruptions as well for my ongoing attempts to tell my family history.

THE GREAT TREASON: HIGH AND PETITE TREASON IN THE USA

Chauncey Marvin Holt gives a deathbed confession he was a Hobo with Charles Harrelson and other CIA operatives organized by William King Harvey and others that assassinated JFK though he asserts some like himself were patsies who did not expect the outcome of JFK being assassinated by the team he was in providing support services to the team.

"Coup d'état (Chauncey Holt) When the shooting started at 12:30, then immediately after the first shot, which was a weak type Of shot, I realized that this was not any simple demonstration. You know, in addition to the shots people were screaming and running in all directions. I didn't actually see the shooting although I was behind the picket fence within 35 yards Of the motorcade, but I didn't see it."

Extensive non-fiction that shows the 100 year history of the espionage covert Special Relationship between England and the USA that led in to the Kennedy Curse and how the Donegan (my own and other families secretly were tied to that history under Hidden Identities and Underground Railroads during several world wars.

PILLORY: TOOLS AND FOOLS OF THE USA

I try to write my book but really noxious cabbage hits me on the head from the side as I type. Spectacular Spectacular Spectacular. A spectacle of conflicts. How I am treated as teen-phile is a fight when they deny having treated me as that. The fights that people start with me retaliating for how I appear to be a teen-phile and the fight to write my book as the distraction of how I am being treated calls my attention away from writing. My books document the JFK ties to attacks on me that I am usign for law suite filings, police oversight filings https://www.austintexas.gov/department/office-police-oversight, books on history for, law suits I am writing as part of the fabric of works,

etc., I also have provided the materials to the US Marshalls at Corpus Christi court house as to assertions of crimial racketeering and public officials either involved or under threat. Letters to coronors are included, etc.,

Pillory -
Tools and
Fools of USA
A fictional journey of Senator in Exile Robert Francis Kennedy in Russia following his escape after surviving an assasination attempt
- by Edward Paul Donegan

Whoever knowingly engages in ***any conduct*** and thereby causes bodily injury to another person or damages the tangible property (including the home, its safety, or access to public facilities of office equipment) and office equipment) of another person (or patron of a [public] library), ***or threatens to do so***, with intent to retaliate against any person for- (1)the attendance of a witness or party at an official proceeding, or any testimony given or any record, document, or other object produced by a witness in an official proceeding; or (2)any information relating to the commission or possible commission of a Federal offense or a violation of conditions of probation, supervised release, parole, or release pending judicial proceedings given by a person to a law enforcement officer; or attempts to do so, shall be fined under this title or imprisoned not more than 20 years, or both.

Title 18 Chapter 73 Obstruction of Justice - Witness suppression. Most have told me what I would be killed over. Every day. They the Cabal know the whole story and are suppressing it. I am being assaulted by a JavaScript methodically running abusive carefully engineered Black Propaganda (smear of a person publicly) fraudulent themes that are an elaborate hoax paraded in public before the public. It has never changed. In substance and processes the criminal intent has been to stop my writing, stop any allies form forming with me, and stop available resources needed to write my book.

I can write five percent of the time I had available in my apartment even stalked when I was in it.

If you want to understand **Title 18 Chapter 73** of US Criminal Codes may I recommend to the work of the great Ralph Thomas *SILENCED! Strange Deaths Of People Who Knew Too Much About The JFK Assassination: 92 Witnesses, Researchers, CIA Agents, Police Officers, Reporters, Girlfriends Who Just Knew Way Too Much!*

My book Pillory (crucifying me on phony allegations) takes the the from of a fictional book as a speculative simulation between the Donegan's, Kennedy family, and others in Boston and how because of the Donegan factual history in that matter led to a Mockingbird pillory of me by the CIA, FBI, and others when my and other evidence on the JFK and RFK and other murders should not be retaliated against or conspired against by the very agencies this information should be useful to in those agencies and the US sovereign self-interest. In the fictional version RFK escapes assassination and we will learn of the underlying connection between Marilyn Monroe and Dysgraphic Albert Einstein.

TED L. GUNDERSON AN EDITED AND APPROVING BIOGRAPHICAL ANTHOLOGY OF HIS LIFE AND WORKS

Ted Gunderson was the right-hand man to RFK fighting the mafia that was run by Vice President Richard Nixon in the 1946 to 1960 years. As the Kennedy's gained power in the USA and world global dirty business operations subverted the USA and other nations. JFK and RFK attempted to shut down the CIA but it was too globally located to respond to the US Presidency and and held too much allegiance from British trained and supported Espionage in the USA operating as the US Government but through NGOs that again were difficult to control from inside the US Government. It would be comparable to NASA trying to control a long gone satellite past its available connections back to Earth.

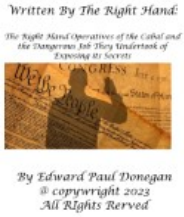
A former senior official of the Federal Bureau of Investigation says “rogue” military intelligence and law enforcement units of the federal government oversee a nationwide network of community-based “*gang stalking*” (harassment, intimidation and domestic terrorism) directed at thousands of U.S. citizens who have been extra judicially targeted as “dissidents” or *undesirables*.

“Based on my thirty years’ experience and research, I have determined there are thousands of victims who have been targeted by an illegal U.S. government rogue criminal enterprise - military intelligence, probably, tied into CIA and FBI and so forth - that is active 24 hours a day throughout the United States,” Gunderson stated in an October 2008 speech posted last fall on YouTube.

WRITTEN BY THE RIGHT HAND: THE RIGHT HAND OPERATIVES OF THE CABAL AND THE DANGEROUS JOB THEY UNDERTOOK OF EXPOSING ITS SECRETS

Many leakers of the secrets of the JFK history have come forward. Deep State Cabal range from Mocking them to assassinating them to denying the truth of revelations but history is being continuously revised as theories Lee Harvey Oswald was a patsy are gaining growing support. The patriots fighting against Free Masonry, Vatican history, Knights of Malta, Council on Foreign Relations, British Pilgrim Society all experience media abuse of their theories find any publicity at all but these patriots still speak out at the risk of their lives and leave death-bed statements.



MARY FERRELL FOUNDATION https://www.maryferrell.org/

CIA legend E. Howard Hunt.(img not shown here) In his 2007 book, discussions with his son, and a tape recording, Hunt outlined his "benchwarmer" role in a CIA plot to kill JFK.

Someone would have talked, so the saying goes. But people did talk about their involvement in the JFK assassination--some did so publicly, and some only to intimate associates. So, were at least some of them telling the truth?

Confession of Howard Hunt - CIA master spy and Watergate participant E. Howard Hunt named names to his son Saint John, and created a tape to be released after his death.

[Greatly factually enhancing the on-tape confession of his father St. John Hunt tells the story of the events he witnessed and lived within his family as Watergate occurred, the post WWII era in Japan under spy-masters and E. Averell Harriman, and his mother Dorothy later likely killed by the CIA in the UAL Flight 533 crash. Ed Donegan (myself) uses extensive content from his several published works. - edp]

https://www.amazon.com/Dorothy-Amoral-Dangerous-Woman-Watergates/dp/1634240375 My book tells of the Right Hand operatives of the spooks, hoods, and hidden elites and the children of them. The Burns Family or the Hunt or Donegan family. Generational changes from conspiracy to truth telling.

John Martino's Confessions - John Martino, who played a post-assassination role in the attempts to pin the murder on Castro, talked to his family and his lawyer about his peripheral involvement in the crime.

David Morales - We Took Care of That SOB - JMWAVE Chief Operations Officer David Morales, aka "El Indio," told lifelong friend Ruben Carbajal and business partner Robert Walton that "we" had taken care of Kennedy.

Santos Trafficante - It Should Have Been Bobby - "Mob lawyer" Frank Ragano wrote in his book that Santo Trafficante told him that he and Carlos Marcello "should have killed Bobby" instead of JFK.

James Files - Grassy Knoll Shooter? - James Files claims to have fired the fatal head shot from behind the grassy knoll fence.

Chauncey Holt - One of the Tramps? - Chauncey Holt says that he forged Oswald's "Hidell" ID card, among other activities, and is the oldest of the "three tramps" depicted in photos of Dallas on November 22, 1963. Holt names convicted murderer Charles Harrelson as one of his companions.

The list above is certainly not a complete list of confessions. Also, many other people have alleged involvement with Lee Oswald or some aspect of the JFK assassination story, but not with the murder plot itself.

…

That many of those figures did kill JFK and others is well documented. What Jen Moore and Ted Gundderson and William Cooper were silenced over is the Deep State CIA that gained and retained power or more likely always held power except from 1961 to 1963. Jen Moore and Ed Donegan continue the work of Ted Gunderson, William Cooper, Phillip Marhsall and others telling the Bush Rockefeller DuPont Rothschild CIA truths to the world and the assasinations that protect the elites.

THE BIG BAMBOOZLE II: DEATH TO THE FASCIST INSECT THAT PREYS UPON THE LIFE OF THE PEOPLE!

Ed Donegan fuses together Katherine Horton Stop007.org survey, his (my) own life story of attacks on me spanning more than 40 years, and my belief about the "Intelligence Community." The Cadre of dangerous corrupt mafia dons whole rule the world and the USA with dirty (secretive, quietly conducted) war crimes against populations.

Publication and excerpts of my books series on The Deep State and the CIA *Special Relationship* with Great Britain

"Probably the most interesting single item seized in the course of Shaw's arrest was his address book. It offered some insight into his proclivity for developing casual friendships at lofty levels of European aristocracy.

"It is true that such a listing could have represented a preoccupation with the past inasmuch as most of the world is no longer run by nobles.

"However, it is also true that the C.I.A. has a romantic infatuation with fading regimes and that Clay Shaw, with his polished Court of St. James manners, must have been precisely what the Agency needed for assignments involving foreign royalty-such as that in Italy in 1962. - Jim Garrison "*On The Trail of the Assasins.*"
